

## TWDB Hydrographic Services Quote

**Reservoir Name:** Choke Canyon  
**CPE Elevation:** 220.5 amsl  
**Reservoir Surface Area (acres):** 25,438  
 Source: TWDB Report (2013)

Volumetric Survey	
<b>Base rate</b>	<b>\$ 59,113</b>
<b>5% navigational hazards fee *</b>	<b>\$ 2,956</b>
<b>Intake/Structure scans:                    0</b>	<b>\$ -</b>
<b>Total volumetric survey cost</b>	<b>\$ 62,069</b>

Sedimentation Survey	
<b>Sediment data collection and analysis (base X 35%)</b>	<b>\$ 20,690</b>
<b>Coring and analysis</b>	<b>\$ 6,000</b>
<b>Total survey cost Volumetric + Sedimentation **</b>	<b>\$ 88,758</b>

\* Navigational hazards fee of 5% of the base rate charged for navigational obstructions (such as submerged trees and vegetation, sand bars, marinas, boat docks and piers, etc.) that delay the data collection process.

\*\* Total Volumetric survey cost + Sediment data collection and analysis (base X 35%) + Coring and analysis
