Education, Professional and/or Community Activity (Present)

I currently have my MBA from TAMUCC. I am born and raised in Corpus Christi and I see the growth that is happening in our city, as a local I want to be a part of the amazing change I am seeing. In my current role, I work closely with licensed Medicare brokers and I see the value that my broker partners bring to our senior population. I have recently partnered up with The Senior Companion program and I see the value that these programs bring to our community. I want to be more involved in bringing awareness and resources to our local Coastal Bend community and I feel by being a part of this board I can give back by being the intermediary between seniors/community and things happening in our community. I am on the board of "For the Love of Children" which is put on by HALO-Flight, DPS, and Conviva Care Centers.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Why are you interested in serving on a City board, commission or committee?

Recently I have gotten more involved with the senior companion program and am mind blown at the selflessness that the companions and the whole senior companion program represent. Not everyone in our community has access to resources and I have found that I enjoy being that resource to our community, whether it be a friend, family member, potential patient, or just being able to educate. We are one community and I want to be the change I want to see, I want to be the advocate that someone wishes they had, and I want to be able to know I did a good deed today. I am growing professionally and personally and I feel being a part of a City committee will only give me more resources to help others in my community.
