BACKGROUND:

Packery Channel monitoring began in 2003 by Texas A&M University-Corpus Christi, Division of Nearshore Research (DNR). DNR's monitoring was conducted under sponsorship of the U.S. Army Corps of Engineers (USACE), Galveston District. USACE ceased monitoring efforts in 2007. The City assumed sponsorship of monitoring in 2008 and contracted with DNR to continue monitoring.

This presentation will provide results of the 2011-2012 fiscal year monitoring.
