

Citywide Wastewater Indefinite Delivery Indefinite Quantity (IDIQ) Manhole Improvements

Council Presentation
August 15, 2023

Project Location

Project Scope

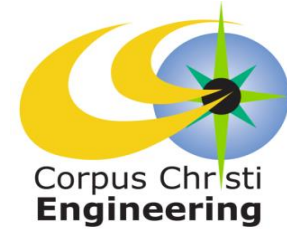

A brief summary of proposed improvements is as follows:

- Project will include rehabilitation, replacement, and point repair wastewater collection system manholes and pipelines.
- Work includes dewatering through well pointing, control of wastewater flow through bypass pumping, cleaning and televised of pipelines as needed, and site restoration to pre-existing or better conditions. Work also includes emergency response Delivery Orders that require Contractor to always have management personnel and crews available and on-call during the Contract to provide emergency response on-call services.
