Personal Mission Statement

My purpose is to gain professional experience, expand my current professional and personal networks, and prepare myself to work with an array of individuals.

Maria G. Rodriguez

January 28, 2015

To whom it may concern,

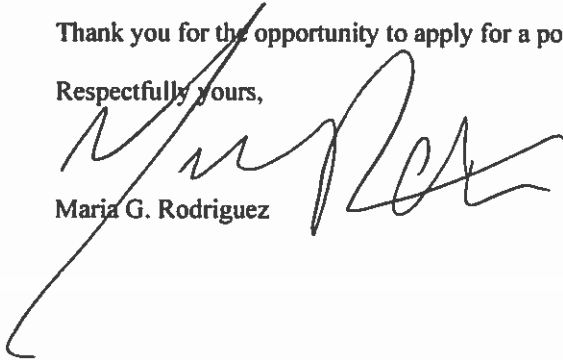

I have lived in the city my whole life and after graduating from Collegiate High School I had a new gained love and respect for the city. Dr. Rodriguez taught me that volunteering in the community was an essential part of growing into a civic minded community member, and since graduation I have been attempting to find a way to make a difference in the city.

Applying for two commissions that include activities and topics that are close to my heart seem like the perfect way to give back to the city that has given so much to me. I would adore being able to work on the various arts and even human relations within the city.

Thank you for the opportunity to apply for a position.

Respectfully yours,

Maria G. Rodriguez
