E. CITY MANAGER'S COMMENTS / UPDATE ON CITY OPERATIONS:

Mayor McComb referred to City Manager's Comments. City Manager Peter Zanoni reported on the following topics:

a. GOVERNMENT ACTIONS RELATED TO CORONA VIRUS

City Manager Peter Zanoni said today's report would focus on the COVID-19 situation and small business assistance. He asked Director of Public Health Annette Rodriguez to provide an update.

Director of Public Health Annette Rodriguez gave an update on COVID-19 as follows: drive thrus help reduce the strain on hospital emergency rooms for the most critical ill; testing is only available for those who meet the CDC criteria; the Health District is working with the Coastal Bend Blood Center; and there are 31 cases in Nueces County.

Council members and Director of Public Health Annette Rodriguez discussed the following topics: if the report can include cases by zip codes; the results and protocol of drive thru testing; DPS is at the airport to question where people are coming from and if they plan to self-quarantine; the flu season is coming to an end; and allergies are year-round.

City Manager Peter Zaroni reported on the following items: the daily update of COVID-19 cases in Nueces County; summary of stay at home or social distancing dates; update on hospital supplies; a total of 15 first responders are in quarantine; he and the County Judge have created a small business recovery task force, comprised of about 20 members; and using Type A and Type B funds to create a small business assistance program.

Council members and City Manager Zaroni discussed the the following topics: restaurants seem to be hit the hardest; Small Business Administration is granting up to \$10,000 for small businesses; grant funding takes about a week; certain hotels are offering rooms as hospital beds or as quarantine spaces if hospitals are lacking rooms/beds for patients; what phone number small businesses should call for information; what kind of gear is comprised of for firefighters and police officers; there is an inadequate supply of gear; concern about congregating at parks and playgrounds; and there are some restricted park hours, but the City does not have the personnel to enforce and monitor parks, so the City is asking for voluntary compliance.

- F. PUBLIC COMMENT - AUDIENCE AND PRESENTER SOCIAL DISTANCING AND PUBLIC TESTIMONY AND PUBLIC HEARING INPUT AT PUBLIC MEETINGS OF THE CITY COUNCIL.** To reduce the chance of COVID-19 transmission, public meetings will be held in a manner intended to separate, to the maximum practical extent, audience and presenters from personal contact with members of Community, City Staff, and City Council. This meeting will be broadcast at cctexas.com/services/council-meeting-agendas-minutes-video. Public testimony and public hearing input for Public Comment and all items on the agenda at public meetings of the City Council should be provided in written format and presented to the City Secretary and/or designee no later than five minutes after the start of each meeting of the City Council. Testimony and/or public input shall be in accordance with the City Secretary's instructions, which shall be posted on the City Secretary Office's door and on the City website, and allow for electronic submission. The written public testimony shall be provided to members of City Council prior to voting on measures for that meeting. Written testimony shall be limited in accordance with the City Secretary requirements and shall be placed into the record of each meeting. This testimony shall serve as the required public testimony pursuant to Texas Government Code 551.007 and shall constitute a public hearing for purposes of any public hearing requirement under law. The meeting may be held telephonically or via videoconference. The public may participate remotely by following the instructions of the City Secretary at cctexas.com/departments/city-secretary.

Mayor McComb referred to comments from the public.

The following people submitted public comments which are attached to the minutes:

Brandon Rokohl, 425 Southern St.; Lonnie Blake, 409 Santa Monica Pl.; Chris Casarez; Thomas C. Ernst, Sr., 14721 Whitecap Blvd.; Jermaine White, 3702 E. Lake Dr.; Margareta Fratila, 3606 Tripoli Dr.; and William Mays, 4618 Oso Pkwy.

Mayor McComb referred to Item 9.

Council members and Director of Engineering Services Jeff H. Edmonds discussed the following topics: the goal is to get the shopping center complete before the holiday season; there is minor utility work needed for this project; can the project be done within six months or less due to the Coronavirus; there is no guarantee for this project to be done within six months; and a concern that the project going over the six-month timeline could affect the economy.

Council Member Guajardo made a motion to approve the motion, seconded by

Council Member Molina. This Motion was passed and approved.

(NOTE: This Motion was reconsidered during this meeting. See Item 9 later in these minutes.)

General Consent Items

- 10.** Resolution adopting a Public Improvement District Policy offering an alternative development financing tool to developers and amending City Council Policies.

Mayor McComb referred to Item 10.

Council members and Director of Planning and Environmental Services Dan McGinn discussed the following topics: the purpose of the Public Improvement District Policy (PID) is to provide guidance and clarity to the public about the rules of use; and the policy helps to fund infrastructure; and thanked the planning department for their diligent effort.

Council Member Hernandez made a motion to approve the resolution, seconded by Council Member Smith. This Resolution was passed on second reading and approved with the following vote:

TOPIC: Coronavirus Response

AGENDA ITEM NUMBER (if applicable): _____

If no agenda item is specified, then this will be considered a general public comment and not a public hearing.

I wanted to praise you, Judge Canales, and all your teams for the response you gave the week of March 16, 2020 after my alarming public comment from March 17. Unfortunately, as of this writing, the local threat level has risen as I feared it would. In the future, I think it will be apparent you have taken steps in the right direction.

Unfortunately by the time this is submitted to council, National Doctors' Day, March 30, will have passed. I think a moment of thanks is due to all of the healthcare workers, delivery people, restaurant workers, grocery workers, first responders, police, fire, and utility workers. They help keep the city running while significant portions of it are shut down.

We will need to stay vigilant. The Spanish flu killed a lot of people in its second wave, and if we're not heeding the advice of epidemiologists, we may find ourselves in the same situation. I hope that we can find a way to return to a "normal" soon.

Take care and stay safe!

Nueces County and Corpus Christi need to follow the practices of Lubbock. This would prevent/mitigate further cases.

In regards to the city councils vote to extend the gatherings of no more than 10 people to April 17th, does this affect the schools re-opening or is this a recommendation? We had just voted to start back with staff on the 13th and the students on the 14th. I just want to give our school board the proper information.

The attached picture is an example of the family that arrived from Austin on March 25th. Besides the mother and two little girls in the back of the truck and the grandparents getting ready to get in the truck, there is an adult male driver and another senior citizen in the truck. Although work schedules are interrupted and schools are closed (enabling their free time), they chose N Padre Island to come to because the beaches are open. Travelers are what brought the Coronavirus to CC and it will continue to contribute to a spike unless we remove the travel attraction, i.e. the beach. Just leaving it to people to exercise good civic responsibility isn't enough. We need to include the beaches in the closures. Please forward this to other decision makers.

Thanks you for taking the time to read this and consider this extremely important action. I'd be glad to answer any questions.

Sincerely, Thomas C Ernst Sr

To the Mayor and City of Corpus Christi,
Why is Corpus Christi and Nueces County keeping the beaches open. Having the beaches open has attracted many people to CC. We have seen people arriving from as far away as IL, KC, Dallas Houston, Austin and surprisingly there were cars on the beach from California and Massachusetts. Last night we watched as people moved into a rental condo from Austin with 2 grandparents 3 adults and two children. Evidently they didn't heed the warning of "Staying Home" to help contain the Coronavirus. It's not just going to the beach that creates the problem, its going to stores that brings crowds off people together and increases the likely hood of spreading this potentially fatal disease. You've closed council chambers to public meetings, yet kept the beaches open The beaches are attracting out of town visitors. The disease has been brought here by out of towners and that's how it will continue to increase our pandemic count. This pandemic is actually just starting. We need to close the beaches to take away the attraction of visitors to this area until

we get past the bell curve. Why would we issue stay at home advisories, but keep the beach open to visitors from all over. Please close the beaches asap.. Thank you.

Mr. Mayor,

You don't know me personally but I did exchange greetings and a handshake with you, during your visit to Corpus Christi Christian Fellowship, as we celebrated the 100th birthday of Reverend Fields. I and my wife are essential personnel along with many others. Is it at all possible to use waste pickup zones to designate shopping days? I'm hoping that something can be done to help those who are working every day.

Hello. Margareta Fratila asked me to send this over to you.

-William

Good afternoon everyone.

Thank you to all of you doing such a tremendous job in this time of pandemic crisis all over the world. My concern is that people in Corpus Christi are still "wandered" if they will be ' forced" to take the COVID test even though they have no signs of any symptoms of any kind of cold, flu, temperature. The rumors which people can't understand the truth is that The Police will "force" people to go do it against their wishes and necessities. However, at the county level, our president said, that people can't go randomly to ask to be tested, unless the doctors recommended it. Also, for the caregivers, so much in need to take care of their patients, are the restrictions of "staying at home" apply? I would like to have information on T.V. and media directly from Police Chief Markle to go to the public and also on a press release I get... to clarify,

WHAT IS THE ROLE OF THE POLICE OFFICERS ON THIS EMERGENCY?

Please let's clarify this for the public so that people will not presume all kinds of hypotheses and rumors on what the role of police officers is at this time .

People need to be assured that they (POLICE) are our friends and not our enemies!
Thank you and God bless you,

Good afternoon everyone.

Thank you to all of you doing such a tremendous job in this time of pandemic crisis all over the world.

My concern is that people in Corpus Christi are still "wandered" if they will be ' forced" to take the COVID test even though they have no signs of any symptoms of any kind of cold, flu, temperature.

The rumors which people can't understand the truth is that The Police will "force" people to go do it against their wishes and necessities.

However, at the county level, our president said, that people can't go randomly to ask to be tested, unless the doctors recommended it.

Also, for the caregivers, so much in need to take care of their patients, are the restrictions of "staying at home" apply? I would like to have information on T.V. and media directly from Police Chief Markle to go to the public and also on a press release I get... to clarify,

WHAT IS THE ROLE OF THE POLICE OFFICERS ON THIS EMERGENCY?

Please let's clarify this for the public so that people will not presume all kinds of hypotheses and rumors on what the role of police officers is at this time .

City secretary,

We are hearing news stories that people from New York and other covid-19 hot spots are coming to Corpus Christi and quarantining, and perhaps seeking easy access to our medical facilities. We are worried that should covid-19 cases skyrocket our hospitals will be unable to cope. We pay taxes here and find it disturbing to think that those from out of state will come here and take our medical. It doesn't seem right.

Thanks,
William Mays
