28. [23-0676](#) Resolution Amending the City of Corpus Christi's State Legislative Agenda for the 88th Texas Legislature relating to legislation involving the Port of Corpus Christi

Mayor Guajardo referred to Item 28.

Senior Intergovernmental Relations Coordinator Wendy Herman reported that in December 2022, City Council passed a legislative agenda including three provisions concerning the Port of Corpus Christi as follows: 1) preserve the power of the City of Corpus Christi to appoint three members of the governing board of the Port of Corpus Christi, 2) oppose Legislation that would expand the authority of the Port of Corpus Christi beyond their role and responsibility to maintain and promote navigable commerce, and 3) oppose legislation that would expand the unilateral economic development and real estate development authority of the Port of Corpus Christi.

Staff is asking the Council to support the passage of legislation placing the Port Authority under Texas Sunset Advisory Commission review. Every entity that comes before the Sunset Commission has to answer a set of 14 questions. The bill that Chairman Lozano presented does not allow for the Port Authority of Nueces County to be abolished. After the Sunset review is completed, the commission makes recommendations to the Texas State Legislature.

Council Members and Senior Intergovernmental Relations Coordinator Herman discussed the following topics: a Council Member's concern that the Port attempts to embellish their success; this sunset review board would not address the San Patricio County's concerns regarding representation on the Port of Corpus Christi; historically, only state agencies have been subject to review; a Council Member's concern that supporting this review could make the City subject to a review due to anti-city sentiment in the legislature; the sunset review had a positive financial impact on the Port of Houston; this review will require the support of the majority of the City, Nueces County and San Patricio County; as an alternative to the sunset review, the Port Commission's Audit Committee will be approving a full financial audit and hire the same external auditor that the City uses; this audit report can be provided to the community within a few months; a Council Member's concern about the poor timing of this review; a review would not abolish Port authority but would make them subject to an audit; and the sunset review

could improve accountability of the Port by justifying expenditures of public funds.

Describe Feedback:	Happy Spring and Greetings to All! I am grateful for the resolutions on saving the turtle program and open beaches that you are voting to adopt. Please get it passed. I also noticed that many of the contracts being voted on are going to local businesses. thank you for that and for offering the program to businesses to educate them on doing business with the City. It is important to keep money in our community, which I have heard you discuss previously. We have a wonderful diverse and talented community. I ask that you continue to show love, respect and support to all, including during public comment. Please remain attentive and present when community members speak. We all learn a lot from public comment. It is an honor and privilege to have this right, and we should treat it that way. I look forward to the rest of the year and hope you had a successful retreat. Adelante!
