### City Code Requirement

As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, states that all members of city boards and commissions, including ad hoc committees, appointed by the city, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. City Code of Ordinances, Section 2-61, provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

Rich Burns

October 22, 2015

Members  
City Council  
Corpus Christi, Texas

Dear Council Members,

I am requesting that you consider me for membership of the Ad Hoc Residential Streets Infrastructure Committee. I have contacted several of you separately and I have also met with Andy Taubman in discussing the details of a plan and we are in agreement on an approach in terms of concepts and details. I have very strong feelings on the critical nature of this effort and I see it as key to the future success of our community, and the wonderful people of the Coastal Bend Region.

Strengths from my background include strategic perspectives gained from 27 years of successful service in the Navy including leadership of a carrier-based air wing and a large Navy base that included a deep water port and an a high traffic airfield: Naval Air Station Pensacola, Florida.

Additionally, I have over fifteen years of successful experience in the private and public sectors including--most recently--Associate Athletics Director at the University of Texas at Austin where I was involved in highly visible and sensitive change management transitions. I led a multi-million dollar software project in the private sector requiring teamwork and a high degree of coordination across diverse groups and stakeholders. I have experience in achieving results where clarity of purpose and collaboration are required.

I am attaching my CV for your convenience and I would look forward to talking to each of you regarding this important role.

Sincerely,

Rich Burns

## PERSONAL INFORMATION

RICHARD L. BURNS ("RICH")

## EDUCATIONAL BACKGROUND

Auburn University  
MBA

University of North Carolina, Chapel Hill  
BA

### Summary:

Accomplished executive with extensive experience in the private and public sectors, marshalling support and advocacy for ideas/concepts and leading major change. Experience as Base Commander, Naval Air Station Pensacola Florida managing the operations of a large port and airfield plus serving the needs of over 70 tenant activities. Managed budget of \$60M. Served as regional commander for environmental matters working closely with regulatory agencies. Most recent experience as Associate Athletics Director for the University of Texas NCAA Division I Athletics Department, providing extensive support and direction for the transition of a new Athletics Director. Key leader in developing strategic planning effort, metrics, goals and measurement systems. Skilled in administrative office systems, MS Word, Excel, PowerPoint, Outlook.

## PROFESSIONAL EXPERIENCE

### ALINEAR SOLUTIONS OF SOUTH TEXAS February 2015 to Present Corpus Christi, Texas

#### **PRINCIPAL CONSULTANT**

Provide management consulting on all strategic human resource services to clients in private business and government entities: executive and manager coaching; workforce planning, organizational effectiveness reviews, staff development, staffing and recruiting; strategic planning. Consult on employment law compliance and litigation avoidance. Develop policies in compliance with laws, rules and policies. Perform audit on effectiveness of HR functions and efficiency reviews of employee roles and relationships.

### THE UNIVERSITY OF TEXAS AT AUSTIN 2000 to Present Austin, Texas

The University of Texas at Austin is the Flagship of the University of Texas System. The University is a highly complex organization with approximately 50,000 students and 23,000 employees. In addition to the main campus, there are other research and satellite facilities in Austin as well as the MacDonal Observatory in Fort Davis, Texas and the Marine Science Institute in Aransas Pass. The University is one of the largest institutions of higher education in the country.

#### **ASSOCIATE ATHLETICS DIRECTOR**

Lead and Manage all human resources functions for the NCAA Division I Athletics Department—a staff of 400 permanent employees and 700 part time and temporary employees. Major departments include finance, facilities operations and maintenance, sports administration, event operations, communications, marketing and the Longhorn Foundation (fund raising), the Erwin Center entertainment facility. Served as member of the executive staff, participating and facilitating strategic planning and accountability systems. Experience in SWOT analysis (strength, weakness, opportunities, threats). Experience ensuring financial resource requirements are linked to goals and objectives and tracking progress of goals and

objectives of each business unit.

**BLUE CROSS AND BLUE SHIELD OF FLORIDA 1995-2000**  
**Jacksonville, Florida**

Blue Cross and Blue Shield is the largest health insurer in Florida—9000 employees—home based in Jacksonville with offices in Miami, Tampa, Orlando and Pensacola. It is rich in technology and human systems required to service the health insurance needs of its millions of members

**DIRECTOR, HUMAN RESOURCES INFORMATION SYSTEMS & PROJECTS**

Had hands on leadership accountability for the implementation of PeopleSoft HR and Payroll (HRMS). \$10M project encompassed employee administration, benefits, compensation and payroll. Project (Phase I) was completed on time and under budget. 30 project team members reported to me through a project management office (PMO). Cross functional team consisted of HR and Payroll professional staff, IT technical and systems integration partner--KPMG. Recognized for leadership and results.

**UNITED STATES NAVY**

Numerous leadership assignments and achievements as a successful career Navy Pilot flying advanced fighter jets aboard aircraft carriers. Experience included 5000 flight hours and flying operational missions during hostilities. Served as Squadron Commander, Deputy Carrier Air Wing Commander and large base commander (Pensacola Naval Air Station). Extensive experience planning and leading complex operational missions involving international agreements and interservice coordination. During career, consistently rose to positions of increased accountability and leadership in an organization that is complex and mission oriented in a global perspective. Experience developing strategic plans in the Office of the Chief of Naval Operations. Experience in procurement of strategic weapons systems.

Highlights follow:

**COMMANDING OFFICER NAVAL AIR STATION PENSACOLA**

Pensacola NAS has a large airfield, deep water port facility and 75 tenant activities. 15,000 civil service and military personnel stationed on board. Responsible for strategic planning, budget (\$60M), infrastructure support, safety, security, environmental programs and community relations. Personally recognized for leadership in promoting innovative environmental initiatives which required unique collaboration among several diverse commands. Served as regional coordinator for Public Relations and Disaster Preparedness Planning. Base was recognized as one of the best run installations in the Navy.

**Deputy Commander, Carrier Air Wing Fourteen**

Strike Air Wing Fourteen, stationed aboard USS Constellation. Responsible for all aircraft and associated support personnel (2500 sailors) based aboard a large aircraft carrier. Responsible for mission readiness and operational effectiveness of people, material status of high performance aircraft, operating budgets, safety, and compliance with a multitude of policies and directives governing military operations and flight standards. Direct reports included nine squadron commanding officers. Planned, coordinated and led numerous international operational missions including Sultan of Oman Air Force, Pakistani Air Force, Royal Australian Air Force; support of operation Earnest Will (freedom of shipping lanes in the Straits of Hormuz), Northern Arabian Sea Operations and Northern Pacific operations in the Bering Sea.

**Commanding Officer, Attack Squadron Twenty-Two**

Lead/manage all aspects of a Navy Attack Squadron. Squadron was recognized for excellence in battle operations (Battle "E"), safety and maintenance. Flew operational missions during hostilities.

**Staff, Chief of Naval Operations, Strategic and Theatre Nuclear Weapons**

Responsible for development of strategic planning in the area of military operations and communications, integration of strategic delivery systems across Navy and Air Force Assets. Served as staff resource for Strategic Defense Initiative. Designated as a Political-Military Specialist.

**COMPETENCIES:** Highly developed interpersonal skills; excellent communicator; leadership development,; staffing; budgeting; budget management, high level of expertise in information systems: MS Office (Word, PowerPoint, Excel, Outlook). Excellent presenter and trainer. Problem solving. Facilitating meetings with critical conversations. Trained in the Oz Principle (accountability systems) and Disney Customer Service concepts. Financial planning, budget management.

## Work Experience

2009 to 2012

### Professor & Consultant

#### Texas A&M Corpus Christi University

- Teaching undergraduate political science and graduate public administration courses
- Teaching coursework through the Texas Certified Public Managers Program
- Contributing author for textbook, *Strategic Public Management*, published February 2010

### Management Consultant

- Providing management, economic development, budget & financial services for public entities and municipalities
- Performing management and performance audit for Texas State University

2001 to 2008

### City Manager

#### Austin, Texas

- Chief Executive Officer of the fourteenth largest city in the nation, with a population of over 750,000
- Managed a municipal workforce of over 12,000 employees with an annual operating budget of \$2.5 billion and an annual capital budget of \$500 million
- Administered a full-service city including all general government services, as well as enterprise services such as a water/wastewater utility, electric utility, airport, public hospital and primary health care clinics, convention center and solid waste services

### Accomplishments

- Operated a city consistently ranked as one of the top three U.S. cities in which to live, work or play; start a business, grow a business or retire
- Recognized as the fourth safest major city in the nation
- Recognized for providing superior drinking water treatment, providing the top three cleanest potable water in the U.S.
- Recognized for spearheading and completing a \$300 million overhaul to the region's wastewater collection system to eliminate Sanitary Sewer Overflows (SSOs) from over 2300 miles of wastewater pipes, listed in *Forbes* as one of the top ten North American Infrastructure projects of the last 75 years by the International Right of Way Association
- Ranked as the strongest economic region in the country based on low unemployment rates and the high job growth
- Steered Austin through the economic downturn, managing a 25% reduction in the General Fund budget while keeping the tax rate down, increasing financial reserves and achieving the second highest possible General Obligation bond ratings
- Led the City's homeland defense response post-September 11<sup>th</sup> achieving recognition as one of the 12 best-prepared cities in the country
- Managed the care and transition of 56,000 evacuees from Hurricanes Katrina and Rita
- Negotiated a six-block redevelopment agreement that created Austin's new City Hall and thriving Second Street Retail District

- Opened a state-of-the-art Combined Emergency and Transportation Center
- Launched the mixed-use redevelopment of over 700 acres at the old Mueller Airport to include a new Central Texas Children's Hospital and the start of a new regional medical school in conjunction with the University of Texas
- Negotiated a \$5 billion expansion of Samsung for a 300MM fab, the largest foreign capital reinvestment in technology in the U.S.
- Opened a number of key recreational and cultural facilities, including the City's first skateboard park, the Long Center for the Performing Arts, the Carver African American History Museum and the Mexican American Cultural Center
- Implemented a number of key system improvements including:
  - 3-1-1 Call Center creating 24/7 access to city services
  - new citywide financial system
  - automated land development permitting and review system
  - state-of-the-art, public safety computer-aided dispatch and automated vehicle location system
  - mobile data computers in all of our public safety vehicles
- Streamlined the land development process and consolidated 12 departmental functions into a One Stop Shop for land use and development issues
- Received the coveted national Gold Medal Parks Award for the *Best Large City Parks System* in 2006
- Achieved Parks Department accreditation in 2007, the only major City in Texas to achieve accreditation
- Selected to train U.S. Army Officers being deployed to Iraq on the nuts and bolts of city administration and management of city infrastructure, and provide reach back resources and technology to problem solve issues on the ground in Iraq since 2004
- Created an award-winning wellness program, the PE Program, that has significantly reduced health claims coverage and sick leave use among participants saving \$750,000 annually
- Developed the Austin City Employee (ACE) Award and Recognition Program

2003 – 2008      **Professor, University of Texas LBJ School of Public Affairs**

- Taught graduate level courses on Urban Policy and Local Government for six years
- Provided corresponding management intern program in municipal management

**Accomplishments**

- Received the 2008 Most Valuable Graduate Course & Instructor student award at the UT LBJ School of Public Policy

2000 – 2001      **Deputy City Manager**  
*Austin, Texas*

Responsible for functional oversight of all City operations and for cross-functional problem solving, including direct oversight of the following departments:

- Austin Police Department
- Austin Fire Department

- Emergency Medical Services
- Office of Emergency Management
- Municipal Court
- Downtown Community Court

**Accomplishments**

- Increased public safety staffing levels
- Negotiated public safety labor contracts
- Installed video cameras on all patrol vehicles and outfitted all patrol officers with less-than-lethal weapons, such as tasers and bean bag shotguns
- Developed and implemented a citizen oversight process for police, including the creation of a Police Monitor's Office
- Created the Downtown Community Court to provide alternative sentencing options for quality of life and substance abuse violations

1996 - 2000

**Assistant City Manager**  
*Austin, Texas*

Direct oversight of the following departments:

- Public Works and Transportation
- Water and Wastewater Utility
- Development Review and Inspection
- Drainage Utility Department
- Planning, Environmental and Conservation Services
- Economic Development

**Accomplishments**

- Developed and implemented the City's Smart Growth Initiative, including the creation of the City's Desired Development Zone and the Drinking Water Protection Zone
- Led the largest populated annexation in the City's history, impacting 8 Municipal Utility Districts and 5 Emergency Services Districts
- Created the City's first Drainage Master Plan
- Negotiated to bring primary employers into the City's Desired Development Zone, such as Tivoli, Computer Sciences Corporation, Dell Manufacturing, and Motorola
- Began the City's Neighborhood Planning Process
- Purchased our City's first 20,000 acres of water quality protection land
- Negotiated a 100-year supply of municipal drinking water

1993 -1996

**Assistant to the City Manager, City Manager's Office**  
*Austin, Texas*

Served as the City Manager's Chief of Staff with management responsibility for:

- Electric Utility
- Brackenridge Hospital
- Human Resources Department

- Parks and Recreation Department
- Neighborhood Housing
- Law and Intergovernmental Relations
- Public Information

**Accomplishments**

- Automated the City Council agenda process
- Created an automated workflow system for handling citizen follow up in the Constituent Services Division
- Developed the City Manager's *Affordability Strategy* that increased supervisory spans of control and provided for citywide activity-level efficiency and effectiveness audits
- Managed a citywide compensation review

**1991 - 1993 Executive Assistant to the Deputy City Manager, City Manager's Office  
Austin, Texas**

Provided the full range of professional and administrative assistance to the Deputy City Manager in the daily management of the Health and Human Services Department, Brackenridge Hospital, Electric Utility Department, Water /Wastewater Department, Austin Police Department, Convention Center, Visitors Bureau, Human Resources Department, Information Systems Department, Law, and Finance Department.

**Accomplishments**

- Provided key research for and authorship of planning documents, *Strategic Choices* and *Strategic Partnerships*
- Audited joint Humane Society and City of Austin Animal Shelter operation resulting in major organizational and structural change, including a change in euthanasia methods

**1989 - 1991 Senior Auditor, City Auditor's Office  
Austin, Texas**

Responsible for planning, conducting, and supervising citywide and departmental audits, to include performance, compliance, and financial audits

**Accomplishments**

- Designed and implemented citywide cash-handling policy and safety training
- Conducted citywide training on performance measurement systems and internal control procedures
- Developed fraud investigation protocols and policies

**1976 - 1989 Health and Human Services Department  
Austin, Texas**

Held a variety of progressively responsible positions on both City and State payrolls within the Health and Human Services Department. Positions included:

- Manager of Administrative Services, Environmental Health Services Division
- Senior Budget Analyst, Budget and Research Unit

- Quality Assurance Analyst, Quality Assurance Unit

**City Code Requirement**

As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, states that all members of city boards and commissions, including ad hoc committees, appointed by the city, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. City Code of Ordinances, Section 2-61, provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

**Consent for Release of Information**

I understand that if any member of the public makes a request for information included in this application for appointment must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

## Verification

### City Code Requirement

As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, states that all members of city boards and commissions, including ad hoc committees, appointed by the city, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. City Code of Ordinances, Section 2-61, provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

### Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application for appointment must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

I Agree

### Oath

I swear that all of the statements included in my application are true and correct.

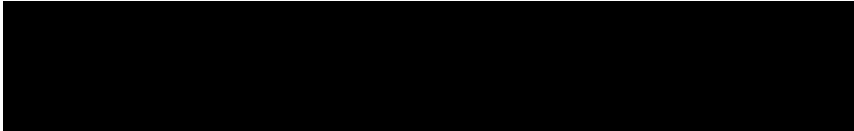

I Agree

**Leah Pagan Olivarri, Public Involvement, Planning and Analysis  
President, Olivarri & Associates, Inc.**

**Education:**

BA, Mt. Holyoke College, South Hadley, Massachusetts, magna cum laude, 1973  
MA, University of Texas at Austin, 1976

**Professional Experience:**

Ms. Olivarri is the sole owner and president of Olivarri & Associates, Inc., a Corpus Christi-based research and planning firm established in 1986. She has over 30 years of diverse consulting and government experience. Her areas of expertise include public involvement and outreach; demographic research; social, economic and financial assessments; management and operational analysis; and planning assistance.

Holding an advanced degree in social science, she is knowledgeable in the use of various techniques to engage stakeholders in the planning process and is fully conversant with NEPA processes and requirements. She has conducted a number of socio-economic analyses and assessments and has an in-depth knowledge of the demographics and socio-economic trends in South Texas as well as the state of Texas. She has extensive experience in development of technical documents and presentations as well as outreach to special populations and minority communities. Ms. Olivarri is pre-certified by the Texas Department of Transportation (TxDOT) in Socio-Economic and Environmental Justice Analyses.

Ms. Olivarri has directed the public outreach component on numerous transportation projects for TxDOT and other entities. Among other projects, she directed the public involvement, including the public meeting and public hearing process, for the Environmental Assessment for the upgrading of US 77 to interstate standards from the Robstown area through the Rio Grande Valley. She worked on the Tier One EIS for I-69/TTC and facilitated the subsequent I-69 Segment 1 (East Texas) Committee. She led with the Texas outreach activities and assisted with overall outreach activities for the Corridor Development and Management Plan for the Ports to Plains Corridor. She led the Texas-Louisiana public involvement effort on the National I-10 Freight Corridor Study, a project which involved coordination with Departments of Transportation (DOTs) from eight states. During the State Highway 16 Feasibility Study and the US 83/Port Roads project, the public participation component of both projects involved working effectively with multiple TxDOT districts and divisions. She led the public involvement for the environmental process for a highway project in El Paso.

She has directed the public information and outreach activities on a range of projects for different types of entities, including the City of Corpus Christi, the Port Corpus Christi, TxDOT, the Corpus Christi Metropolitan Planning Organization (CCMPO), and the Corpus Christi Regional Transportation Authority. Examples of her project experience include the CCMPO-Nueces-San Patricio-Corpus Christi Regional Parkway Feasibility Study Project, the South Staples Street (Williams-Saratoga) Rehabilitation Project (City), the Port Avenue Rehabilitation Project with Environmental Clearance (City and TxDOT), the Port of Corpus Christi Authority's

Feasibility Study, Environmental Assessment and other activities related to the Joe Fulton International Trade Corridor, the Port's and the U.S. Army Corp of Engineers' Environmental Impact Statement for the Deepening, Widening and Extension of the Corpus Christi Ship Channel, outreach related to the permitting for development of the Port's La Quinta International Trade Terminal, the SPID (SH 358) Ramp Reversal Project (TxDOT) and the FM 2444 (Staples)/SH 357 (Saratoga) Median Project (TxDOT). On a number of these projects, she assisted with the development of environmental documents. She was the Project Manager on a Freight and Hazardous Cargo Study for the CCMPO that researched data and conducted interviews and meetings with government officials and other stakeholders in order to help define freight movements within Nueces and San Patricio Counties. She has also worked on water, wastewater and solid waste projects for a number of entities, including desalination feasibility studies, permitting of a major greenfield landfill and decommissioning of a wastewater treatment plant.

Ms. Olivarri has organized and managed a number of community/strategic planning efforts which required outreach to economically disadvantaged and Spanish speaking communities. She directed public outreach for the Lower Rio Grande Valley Economic Adjustment Study funded by the US Economic Development Agency and administered by the Lower Rio Grande Valley Development Council. As a part of this study on drainage capital improvement needs in a four county area, she led development of the project evaluation process used to analyze and prioritize over 390 projects totaling over \$1 Billion in estimated costs.

She led the successful community strategic planning process which resulted in portions of Cameron, Hidalgo, Willacy and Starr counties being designated a federal Empowerment Zone (1994-1995). The development of the update to the four-county Rio Grande Valley Mobility Plan, which she led in 2003, required extensive community and official outreach and involvement in the planning process.

Ms. Olivarri has also directed numerous public relations and information efforts for private clients. These projects include major industrial facilities and development projects. She also has managed for activities of non-profit associations including a multi-county group dedicated to securing a Spaceport in Texas.

A member of Leadership Corpus Christi, Class XI, she has served on a number of local and state agency boards. She served as a member of the Science and Technical Committee of the Corpus Christi Bay National Estuary Program and the City of Corpus Christi Charter Revision Committee - 2009. As chair of the Infrastructure Committee of the Corpus Christi Chamber, Leah has coordinated with a variety of public officials and private executives to schedule topical presentations to the committee. As a result, she has kept abreast of key issues, including wastewater reuse, plant consolidation, water planning, industrial growth and community master planning. She also serves on the Board of the Coastal Bend Community Foundation and is an investor in the Corpus Christi Regional Economic Development Corporation. In 2009, she was inducted into the Corpus Christi YWCA Hall of Fame. She has published articles and presented papers at a number of regional and national conferences. Her firm, Olivarri & Associates, is certified as a DBE and a HUB by the state of Texas.

### City Code Requirement

---

As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, states that all members of city boards and commissions, including ad hoc committees, appointed by the city, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. City Code of Ordinances, Section 2-61, provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

- Partnered with TAMUCC professors to mentor and advise pre-service and student teachers 1983-2010
- Public speaking at TAMUCC, Montclair Elementary, Odem ISD, P-16 Council, FBISD Foundation for Educational Excellence, and

### **Family:**

I married Robert Thornton, my childhood sweetheart and a fellow Flour Bluff graduate, in 1976. We, like so many young people of Flour Bluff at that time, rose up out of poverty through the help and guidance of our teachers at Flour Bluff ISD. Robert took drafting classes in high school and went on to become a very successful bricklayer and masonry contractor for 32 years after continuing his education at Del Mar. After giving his business to a loyal employee, he went on to make his living in rental properties exclusively in Flour Bluff. Robert and I have never paid rent ourselves or had a house payment on our home. We built the home in which we live from the ground up without ever taking out a loan. It took many years to complete it, but it has always been ours, free and clear.

We have three children, all of whom attended Flour Bluff Schools from kindergarten through twelfth grade and married former Flour Bluff students and/or graduates. Our son, Matthew Thornton and his wife Denise are both educators in Round Rock ISD. Denise, an HEB Excellence in Education semi-finalist and math curriculum specialist, started her teaching career in Flour Bluff before the pair moved to California and then Austin. Matthew, who worked as a long-term sub at Flour Bluff while he was finishing his criminal justice degree, is a Texas history teacher, coach, actor, filmmaker, and published author.

Christy Zamora, our older daughter, is a certified teacher who taught kindergarten at Flour Bluff ISD for five years before opening her own preschool in Flour Bluff. She was selected Campus Teacher of the Year in her third year and was an HEB Excellence in Education Finalist two years in a row. Her husband Jacob is a veteran who served five and half years in the U.S. Marine Corps and now works as a registered nurse at a Corpus Christi surgical hospital. Their two children, Taylor and Lane, attend Flour Bluff Schools and are very active in sports, 4-H, and church. Christy and Jacob own their own home in Flour Bluff.

Katy Beseda, our youngest, is a paralegal working in a local law office in Flour Bluff. She has also worked as a physical therapy assistant in a facility for special needs patients. Her husband, Weston Beseda, is a firefighter working at both the federal and county levels while completing his college education. He is a veteran who served in the U.S. Navy for eight years. Katy and Weston have two sons, Owen and Riley. Owen attends Flour Bluff Primary and is active in sports, school activities, and church. Riley is in my care each day until he starts preschool in another year. Katy and Weston also own their own home in Flour Bluff.

Robert and I have built a life together based on hard work, perseverance, personal responsibility, lots of love, and faith in God. We believe the successes of the people in our family are the proof that our “formula” works. We love the Flour Bluff community and have always worked to make it better by starting at home.

### **Goal:**

I have served my school, church, and the Flour Bluff community faithfully and feel called to serve the City of Corpus Christi by being a voice for the average citizen.

This voice is an integral part of good city government. Should I be appointed to the Ad Hoc Residential Street Infrastructure Advisory Committee, I will perform my duties with what Howard Berman, author of *Making a Difference*, deems the seven qualities of effective board and committee members:

- **Integrity:** Demonstrating a zero tolerance for unethical behavior, both for my colleagues and myself;
- **Independence:** Having no unique business, financial or personal relationships — or hoped-for-relationships — that create even the perception of a conflict of interest;
- **Mature Confidence:** Speaking out and actively participating in board and committee deliberations;
- **Corporate Manners:** Recognizing the difference between productively participating in discussions and counter-productively dominating deliberations through the volume or length of comments. I will work with other members to create workable compromises.
- **A Sense of Context:** Making relevant, informed comments focused on the specific aspect of the issue being considered.
- **Courage:** Willingness to do the right thing/make the right decision even if it is difficult or unpopular.
- **Commitment:** Understanding that being an effective board member requires the time, the heart, and the standards to make the enterprise successful.

**REPORT OF CONFLICT OF INTEREST**

Filed Pursuant to Section 2-347  
Corpus Christi Code of Ethics

Name: Vernon A Wuensche PE

Address: PO Box 3365 Corpus Christi, TX 78463

Board Member of: Electrical Advisory Board

Please describe below any relationships, transactions, positions you hold (paid or volunteer) or circumstances that you believe could contribute to a conflict of interest:

Vernon has no conflict of interest to report.

\_\_\_\_\_ I have the following conflict(s) of interest to report:

---

---

---

---

I hereby certify that the information set forth above is true and complete to the best of my knowledge.

Signature: *Vernon A Wuensche PE October 22, 2015*

**Vernon A Wuensche PE**

Vernon, a native Texan, was raised on a farm near El Indio, a small West-Texas town on the border, where he wet his feet in the Rio Grande and learned Spanish as a second language. He graduated from Eagle Pass High School (1969) in the neighboring town. He worked his way through college at A&I University in Kingsville, Texas as a carpenter and as a repair technician in the gas industry. After receiving his BS in Civil Engineering, he began his professional career with the engineering consulting firm of Ogletree & Gunn of Corpus Christi, now known as RVE Inc, where he worked for about 2 years, with that involving mainly marine engineering and professional diving. After hanging up his flippers, he began a more civil engineering endeavor, with the firm of Urban Engineering of Corpus Christi where, for about 2 years, he worked on utility and waste water management projects. After that and between fortunes, he traveled south to the Caribbean and central Mexico to recover for a few months. Immediately upon return to Corpus Christi, he was hired as a project engineer by the late James K Lontos PE, then Director of Engineering for the City of Corpus Christi. While working as an engineer for the City, he received a MS in Environmental Engineering.

**Work Experience:** Vernon has designed about \$100,000,000 worth of municipal-

civil projects, including streets, bridges, utilities, drainage, solid- waste, and waste water and marina facilities. He has performed numerous sanitary and drainage studies. It may be interesting to know, Vernon solicited Brown & Root, one of the largest construction companies in the world at the time, to bid on a marina project for the City, which they were awarded and successfully completed. As for drainage, he designed many of the major drainage outfalls for the city. As one of the first in the area to recognize the vulnerability of cast iron pipe to sewer gases, Vernon's application of the first large-diameter PVC pressure sewer pipe in the area was featured in two articles in the Uni-Bell PVC Pipe News, published by the PVC Pipe Association in 1986 & 1987. The application of such knowledge has saved the City millions of dollars that would have otherwise been spent on sanitary sewer force main replacement. After the brain injury, Vernon retired from the City Engineering Department after about 33 years of service. Currently if he's not Skipper (fishing) on his Boston Whaler, restoring old cars & motorcycles, or traveling, he's looking for a good cause to promote.

**Professional and Technical Associations:** Vernon is a registered professional engineer in Texas (#47680). He is an active member in the American Society of Civil Engineers (ASCE) and Texas Society of Professionals (TSPE) and is past president of the local chapters. He is Past State Director of the Nueces Chapter of TSPE and has served as Vice President of Education Texas Section ASCE. He is or has been a member of the American Concrete Institute, American Water Resource Association, Construction Specification Institute, and a charter member of the Transportation and Development Institute. Vernon is a former trustee of the John B. Hawley Memorial Fellowship, which grants scholarships to graduate students in water resources. He also serves as TEXASCE photographer and several ASCE Branch Committees and the City of Corpus Christi Electrical Advisory Board.

**Awards and Recognitions:** Vernon has received local, state, and national citations and awards for service over the years. He was chosen "ENGINEER OF THE YEAR" in 2007 by the Nueces Chapter of TSPE.

**Publications:** Vernon's work has been published at levels ranging from local to international on topics of ground water hydraulics, pavement design, and civil engineering history. *Serviceability of Residential Streets a Corpus Christi Perspective* was recognized as Best of Session Fall 1996 by the Texas Section ASCE. He's still writing. (+/-)

**Affiliations & Civic Involvement:** Vernon is, or has been, a member, friend of and supporter of numerous organizations. Some of which include the CC Museum, Texas State Aquarium, Texas Historical Foundation, South TX Botanical Gardens & Nature Center, Tarpon Foundation, Audubon Soc., Trinity Lutheran Church, United Way and Texas Wendish Heritage Society.
