Why are you interested in serving on a City board, commission or committee?

As a pet owner, 4 of which were abandoned by their owners, I believe our community lacks education on the care and welfare of their pets. Pets are abandoned daily, no water, no food. Pets are chained 24/7 with lack of proper shelter and regular change of water Our animal control center and its employees are under great stress without proper resources and lack of volunteers to assist with the need for care of animals currently residing at the shelter. The lack of leadership is draining on the staff and I would like an opportunity to better understand the challenges and ways to alleviate the stress for providing the necessary care and providing better education to our citizens.

Why are you interested in serving on a City board, commission or committee?

I am interested in serving for Animal Care Advisory Committee because I have a passion for animals. I have five cats of my own, I have fostered in the past for both adult cats and kittens, I donate to the local non profit organizations and I feed/provide shelters for the cats in my apartment complex/work area. I am in several Corpus Christi pet groups on Facebook and see how many animals are out on the streets and would love to be an advocate for these helpless animals.
