To Whom It May Concern:

I do not have a formal resume because I have basically worked for myself my entire career. Here is a brief synopsis of my education and work experience.

Education:

I attended Centre College of Kentucky and graduated with a business degree in finance from the University of Louisville.

Work Experience:

While attending college I worked as a respiratory therapist at the University Hospital in Louisville, Kentucky.

After graduating I worked for CIT Corporation financing and leasing equipment for small and middle market companies.

I then started a joint venture with Charter Medical Corporation called Ambulatory Services of Kentucky. We supplied oxygen and durable medical equipment to the home care patients. I ran the business for eight years and sold it to REIT managing nursing homes.

With a partner I bought a restaurant/pub. It was fun but I do not recommend it especially with a partner.

Currently I am working with my wife in a company she started. Stuffology Incorporated is a promotional company supplying corporate gifts and promotional items.

Summary:

I have been an independent successful small business person my adult life. I care about the welfare of this Island and would like to contribute to its progress. Please consider me for the Island Strategic Action Committee. Thank you.

- Generated enough income through personal training to pay cash for college; resulting in no student loans.
- Generated revenue for the gym by splitting my personal training income 50/50, which amounts to \$35 per session, averaging \$1,000 in net revenue for the gym per month, on a part time basis.
- Article written about my personal training in February 2002 Corpus Christi Caller Times, resulting in twice as many clients and doubling my monthly personal training income.
- Successfully balance working a primary job position full-time and providing part-time personal training at Platypus Fitness Center since January 2003.

Why are you interested in serving on a City board, commission or committee?

I am very passionate about the future of my city and want to make a difference in its story. Having run for public office, I would like to now spend my time focusing on boards and committees where I can have a real impact with my time and passion on adding to this beautiful city and its culture. I have experience being heavily involved in serving on the ISAC board and am very qualified to fill one vacancy, and I look forward to working with the members of this committee once again. I know Corpus is one of the best cities to live in; I want to help make that a reality for everyone else, both current residents and future neighbors!
