

IT Department Renewal of Cisco Software and Support Licenses

Renewal of Cisco Software and Licenses

Cisco Software and Support Licenses

This is a three-year renewal agreement with Great South Texas Corporation (dba Computer Solutions) for Cisco software and support licenses.

The company is a local, woman-owned HUB vendor based in San Antonio.

We received a 49% discount off the list price from Cisco and the Texas Department of Information Resources (DIR) contract. This agreement will generate over \$3 million in cost savings throughout the three-year term.

Thank you!
