Program Income FY 14-15 Appropriation of
Funds

CAPTION:

Ordinance appropriating \$459,000 from the estimated program income revenue in the No. 1066 Health Grants Fund as State fiscal year 2014-2015 program income to fund laboratory and public health services for the period of September 1, 2014 through August 31, 2015.

PURPOSE:

The Program Income Funding allows the Health District to supplement local funds for public health services which help with supplies, minor equipment, contractual services, training and computer equipment.

BACKGROUND AND FINDINGS:

The Corpus Christi-Nueces County Public Health District receives funding from the Department of State Health Services (DSHS) for various public health services. As a result of this support, fees that are charged must be prorated to determine the percentage of revenues that were generated using State/Federal funds. The State/Federal supported revenues are deemed Program Income (PI). PI earned during the State fiscal year (September 1- August 31) must be spent during that year or returned to the State. PI earned is to be used to supplement local funds for public health services. Staff reviews actual earnings and projected earnings to recommend an annual appropriation to cover expenditures. Planned expenditures for FY 14-15 include supplies, minor equipment, contractual services, training and computer equipment.

ALTERNATIVES:

Unused Program Income funds must be returned to the State.

OTHER CONSIDERATIONS:

Not applicable
