	Mounts Dr.	Local Residential	50' ROW 24' paved	50' ROW 20' paved	Not Available
	Melody Ln.	Local Residential	50' ROW 24' paved	25' ROW 16' paved	Not Available

Staff Summary:

Requested Zoning: The applicant is requesting a change of zoning from the “RS-6” Single-Family 6 District to the “RM-1” Multifamily 1 District to allow construction of two multifamily structures consisting of seven dwelling units total.

Development Plan: Currently, two single-family dwellings, a four-plex, and a three car garage exist on the property. The applicant plans to demolish the four-plex and the two single-family dwellings. The existing garage will remain on the property and have three dwelling units added onto the structure. A second building, consisting of four units, will be constructed on the site as well. All proposed structures will be one story and will consist of one-bedroom units. The development will be required to provide a minimum of 13 parking spaces for the seven 1-bedroom units. Access to Melody Lane will be prohibited and the only access point to the property shall be from Mounts Drive.

Existing Land Uses & Zoning: North of the subject property is a multifamily development zoned “RS-6” Single-Family 6 District. East of the subject property is a single-family dwelling and the parking lot of Barton Street Pub zoned “RS-6” Single-Family 6 District and “CG-2” General Commercial District. South of the subject property is vacant land zoned “CG-2” General Commercial District. West of the subject property is a single-family dwelling and vacant land zoned “RS-15” Single-Family 15 District and “CG-1” General Commercial District.

AICUZ: The subject property is **not** located in a Navy Air Installation Compatibility Use Zones (AICUZ).

Comprehensive Plan & Area Development Plan (ADP) Consistency: The subject property is within the boundaries of the Flour Bluff ADP and the proposed rezoning is not consistent with the adopted Future Land Use Plan, which slates the property for commercial uses.

Department Comments:

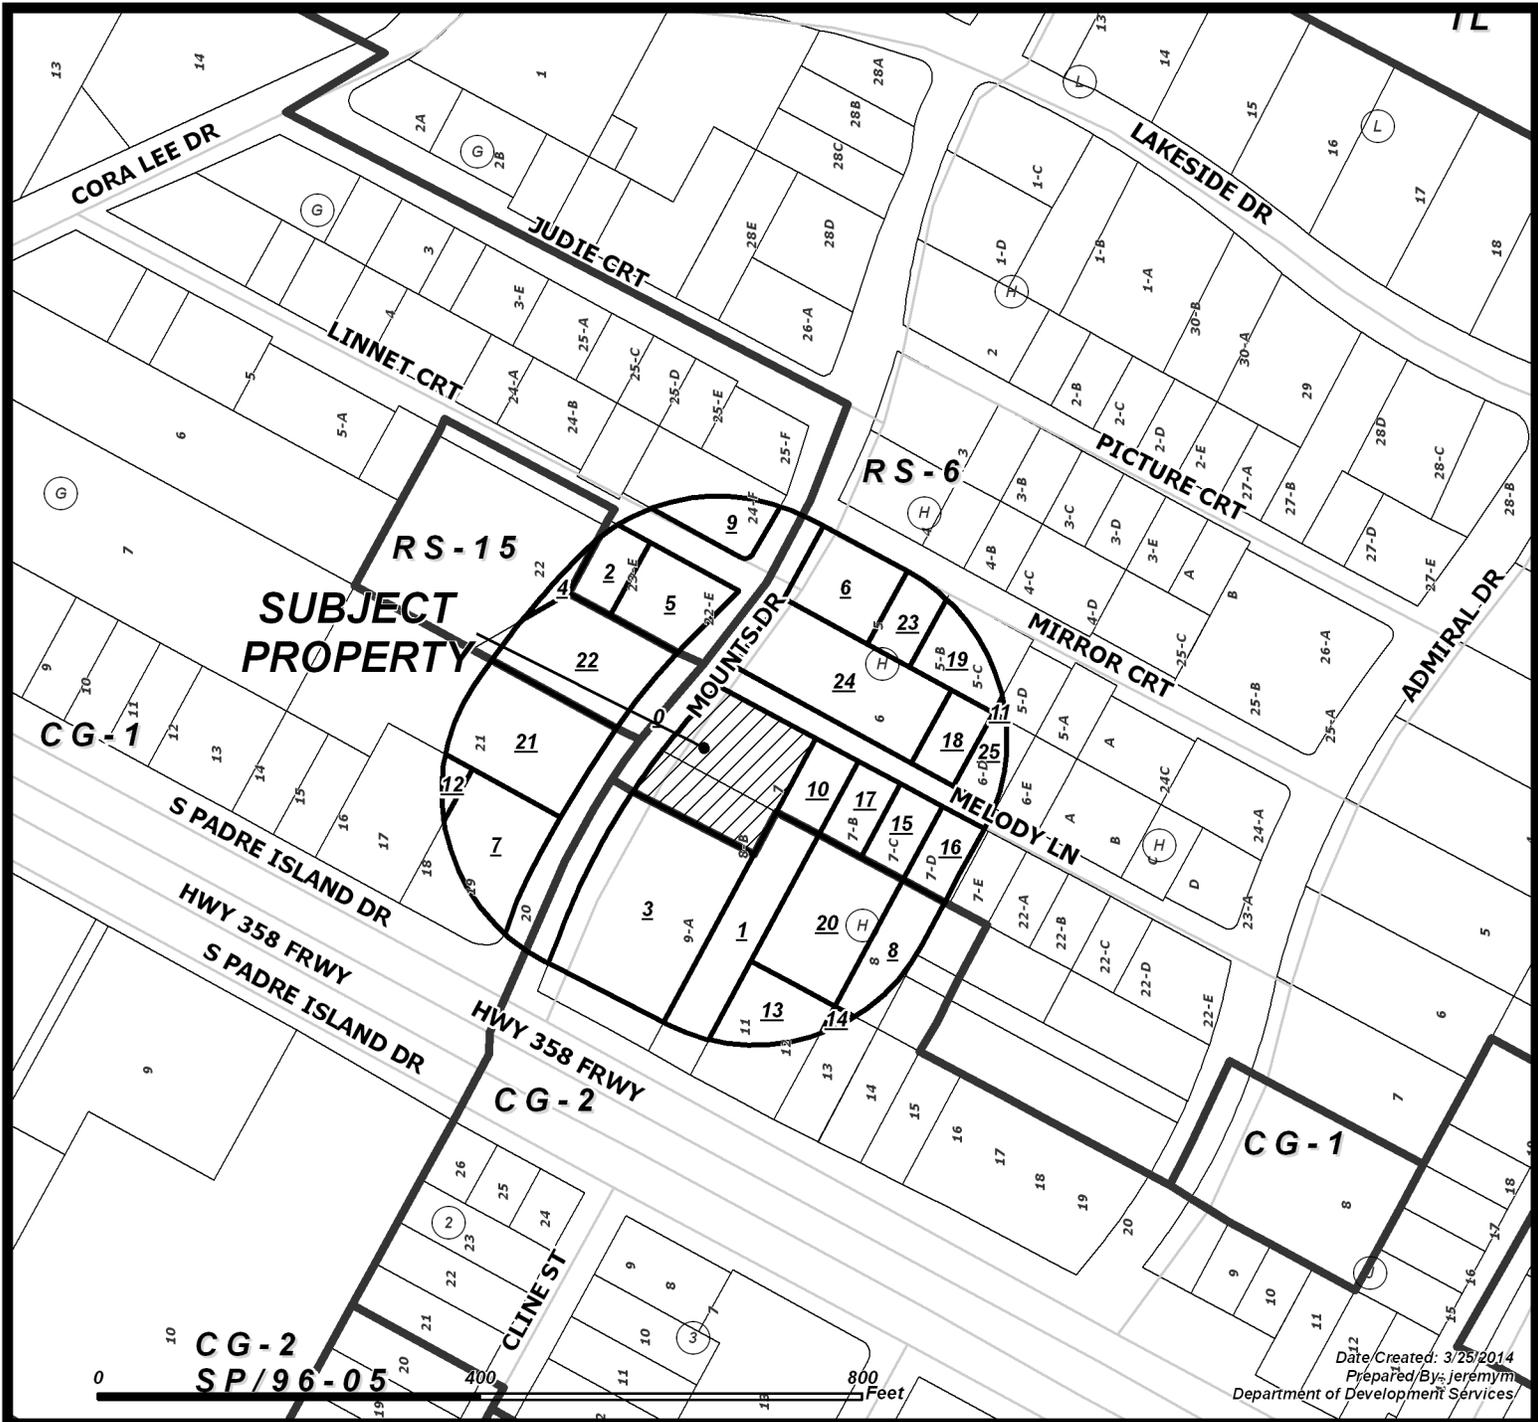

- Although inconsistent with the Future Land Use Plan, the proposed rezoning to the “RM-1” District would be an appropriate use at this location. The proposed rezoning is less intensive than a commercial use and would provide a transition from the commercial to the surrounding residential properties.
- The proposed rezoning would not negatively impact the surrounding properties and the property to be rezoned is suitable for multifamily uses. A buffer yard would be required to minimize the impact of commercial development on the adjacent single-family property.
- The proposed rezoning is compatible with the present zoning and conforming uses of nearby properties and to the character of the surrounding area.
- The use of the property would not change as a result of the rezoning. The use of the property is currently medium density residential, which is a non-conforming use in the “RS-6” District. A rezoning would bring the property into conformity with the Unified Development Code.

Planning Commission and Staff Recommendation (April 9, 2014):

Approval of the change of zoning from the “RS-6” Single-Family 6 District to the “RM-1” Multifamily 1 District.
