DOG DAYS OF SUMMER

Hot temperatures are no more comfortable for pets than they are for people. If your pet spends its day outside, be sure you provide a cool, shady spot for it to escape the hot sun and plenty of cool, clean water. When traveling, do not leave your pet in a car for any period of time. More information and pet care tips can be found on the American Veterinary Medical Association website:

<https://www.avma.org/public/PetCare/Pages/summer.aspx>

ACO TRAINING COURSE

An Animal Control Officer (ACO) Training Course is scheduled from 1 pm on September 11 through noon on September 13 in San Benito. Registration deadline is **August 14th**. The cost for attending the course is \$75 per student. Instructions for submitting payment will be provided in the acceptance letter. Information on ACO training is available at www.dshs.state.tx.us/idcu/health/zoonosis/education/training/aco/ or through the Zoonosis Control office. If you have any questions, please call Letty Tamayo at (956) 444-3212.
