Background

- New Bayview Cemetery was established in 1897 and is located in the Hillcrest area of Corpus Christi.
- Burials ceased in 1913, and many remains were later moved to Rose Hill Cemetery.
- In January 2024, Staff conducted assessments to identify improvements needed at the Cemetery & the scope identified fencing as a key improvement to support security measures.
- Safeguarding the Cemetery is important in protecting the historical significance of the grounds as the site has experienced vandalism to headstones.
- The installation budget is \$208,845.00 with funding available through Community Development Block Grant (CDBG) Funds.
- Installation is scheduled to be completed by October 2025.
