

**Corpus Christi Business and Job Development Corporation**

Dear Mr. President:

The Board of Directors of the Corpus Christi Regional EDC voted unanimously to recommend to the Type A Board an incentive of up to \$133,000 for Del Mar College for their Contract Resources Center program.

**Project Description:**

The College's Contractor Resource Center will aid small businesses in qualifying and bidding on procurement of the large projects that are coming into the region. Most of these projects have small business set-asides and this will ensure that local small businesses have the technical ability and support to bid successfully on those contracts.

Sincerely,

Iain Vasey  
President/CEO
