Corpus Christi Convention and Visitors Bureau

Why are you interested in serving on a City board, commission or committee?

It is an opportunity to serve the community that I care about greatly and use my experience to support their mission of growing the Convention and Tourist related businesses and industries. I see so much potential for our City and surrounding areas to continue to grow as a unique and special destination. Additionally, I was asked to serve the City by serving on CC Airport Board during which time we planned, designed, funded, and built the current "new" airport facility. It was there that I learned to work as team with the City, Board, Airport Management, and Federal and Political Officials to bring the project to our city. It was also during this time we were able to demonstrate that the then current control tower had to be replaced with a new control tower to be located in a safe location that would allow for future expansion to meet the needs of personal, business and tourism travel. I see this experience of learning to work together on these projects and my broad business experience in Corpus Christi as depth and experience that I can bring to the Corpus Christi Convention and Visitors Bureau. Lastly, I see this as an area that I can work with others to truly make a difference that will make our Citizens past and present proud of their City and Hometown.

Why are you interested in serving on a City board, commission or committee?

I have lived my life modeling many great mentors in service above self; beginning with my Father, may he rest in peace. He served our God, family, our community and our great nation (25 years Retired and decorated Army). I prescribe to the belief that we all have a responsibility to invest our time, talent and treasure into our community. I have alot of experience in service to my previous home and have been discerning for the best way to invest my energy and gifts in our beautiful city. I fell in love with Corpus Christi 22 years ago and my husband I moved here, for that reason, 4 years ago. I am loyal and I wear our cities pride and serve as an ambassador everywhere I go. It is time for me to roll up my sleeves and be a greater asset to her.
