Interests & Experiences

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

No I do not.

Education, Professional and/or Community Activity (Present)

I have over 20 years experience operating and commanding vessels for the US government. During this time, I ensured the environment and marine life were minimally affected by both commercial and recreational seagoing operations. I also enforce laws that have a direct impact on our living marine resource's sustainability. In my civilian career, I am currently expanding the family business into a new market. Furthermore, in the near future I will be a sole owner /operator for a small business in the downtown area. In addition to my experience, I have attended several leadership schools most notably the USCG Chiefs Academy and the US Army Sergeants Major Academy. I am an active member in my church and play a small role in my daughter's after school activities. I also have a BA with honors in political science from American Military University and a MBA from Liberty University.
