I earned a Bachelors Degree in Communications at Texas A&M University Corpus Christi, and have since served in an external affairs capacity at the Port of Corpus Christi for over five years. As part of my professional duties I am involved in the business community, not-for-profit volunteerism, and extracurricularly I now work toward raising funds for wildlife rescue and rehabilitation.

Education, Professional and/or Community Activity (Present)

Yes, I work with the community to help save animals. I work with several rescue organizations, I do fund raisers for them, donate for vetting, transports, food, etc. I also foster for different organizations. I also rescue on my own. I have been involved in rescuing and saving animals for nearly 40 years. I have a lot of experience in rescue and in community involvement.

Why are you interested in serving on a City board, commission or committee?

I would like to try to help make a difference in the life's of the animals and the problems concerning them. I think that with the right people who are willing to try to educate the public and work to help control the stray population we can make a difference. I also believe that getting the word out on spay and neutering would help tremendously. I believe the citizens need to be advised of the current laws and that they need to stop breaking them.

Doctor of Veterinary Medicine

Why are you interested in serving on a City board, commission or committee?

Corpus Christi is our new home and I would like to give back to the community. I have devoted my education and career to helping people and their animals. We are a United States Marine Corps family and I provided my veterinary services to our last community in Iwakuni, Japan as an unpaid civilian volunteer. I hope have the opportunity to give back to the city of Corpus Christi by serving on the Animal Care Advisory Committee.
