(361) 826-3851

UPDATE
City Council Chambers Modernization Project

STAFF PRESENTER(S):

<u>Name</u>	<u>Title/Position</u>	<u>Department</u>
1. Jeff H. Edmonds, P.E.	Director	Engineering Services

OUTSIDE PRESENTER(S):

<u>Name</u>	<u>Title/Position</u>	<u>Organization</u>
1. Nick Gignac	Architectural Associate	Gignac Architects

BACKGROUND:

Engineering Services project update for interior renovation and modernization of the Corpus Christi City Hall City Council Chambers. This project includes the interior design of the finishes (walls, flooring, ceiling), lighting, and millworks. In addition, the project will also include the replacement of the public seating and addition of permanent seating to extend the public seating area. The project will also remove the rear storage closet and double doors, improve acoustical integrity, and make other improvements necessary to support A/V scope by City IT.

The City Council Chambers were first constructed in 1988 and have not received any improvements since. The improvements of this project will bring the equipment up to current standard and provide for additional seating for the public to attend the Council meetings.
