Analysis & Recommendation

- The proposed request is generally consistent with the City of Corpus Christi Comprehensive Plan; however, is inconsistent with the future land use designation of transportation.
- The amendment is compatible with the present zoning and conforming uses of nearby property. There are several single-family homes within the vicinity and some public/semi-public uses nearby.
- The property to be rezoned is suitable for uses permitted by the zoning district that would be applied by the proposed amendment, and staff does not foresee any adverse impacts unto neighboring properties or the area.

PLANNING COMMISSION AND STAFF RECOMMEND APPROVAL TO THE “RM-AT” DISTRICT

Thank you!
