Background:

The subject property is a 0.22-acre undeveloped tract near South Padre Island Drive, a freeway, and along Kostoryz Road, an A1 class arterial road, in the Bayside area.

The surrounding properties are zoned “RS-6” Single-Family 6 and “ON” Neighborhood Office District to the north, with a vacant property, and another with Medium-Density residential land use. The properties to the east of the subject parcel, abutting Kostoryz Road as well, are zoned “ON” Neighborhood Office and “RS-6” Single-Family 6, with Medium-Density Residential and Public/Semi-

Public land uses. The properties to the south are zoned “RS-6” Single-Family 6 District with Low-Density Residential and Public/Semi-Public land use, also adjacent to Kostoryz Road. To the west of the subject parcel, properties are “RS-6” Single-Family 6 District, with Low-Density Residential land uses, and a vacant property.

The applicant is requesting a change in zoning to the “CN-1/SP” Neighborhood Commercial District with a Special Permit. The “CN-1” Neighborhood Commercial District permits office uses, multifamily dwellings, certain indoor recreation uses, retail sales and service uses, medical facility uses, overnight accommodation uses, and restaurant uses less than 5,000 square feet in gross floor area.

Plan CC (City of Corpus Christi Comprehensive Plan) Consistency:

The proposed rezoning is consistent with Elements, Goals and Strategies for Decision Makers:

- Corpus Christi development patterns support efficient and cost-effective use of resources and a high quality of life.
 - Encourage the protection and enhancement of residential neighborhoods.
 - Promote the stabilization, revitalization, and redevelopment of older neighborhoods.
 - Encourage orderly growth of new residential, commercial, and industrial areas.
 - Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use.

Bayside ADP (Area Development Plan) and FLUM (Future Land Use Map) Consistency:

The proposed rezoning is consistent with the Bayside ADP; however, is inconsistent with the future land use designation of medium-density residential. While inconsistent with the future land use designation, the proposed rezoning meets the following vision theme.

- Bayside hosts a robust mix of commercial, residential, and recreational uses with clear signage and wayfinding that attract visitors.

Staff Analysis:

Staff reviewed the subject property’s background information and the applicant’s purpose for the rezoning request and conducted research into the property’s land development history to include platting, zoning, existing surrounding land uses, and potential code violations. Staff compared the proposed zoning’s consistency with the applicable elements of the comprehensive plan. As a result of the above analysis, staff notes the following:

- The proposed rezoning is consistent with the City of Corpus Christi guiding documents such as the comprehensive plan and the area development plan; however, is inconsistent with the future land use map designation of medium-density residential.
- Although the future land use map does not designate commercial zoning, the applicant is requesting a less-intense commercial zoning to accommodate the surrounding neighborhood.
- The proposed rezoning is compatible with the present zoning and conforming uses of nearby property.

Planning Commission and Staff Recommendation (September 3, 2025):

After evaluation of case materials provided and subsequent staff analysis including land development, surrounding uses and zoning, transportation and circulation, utilities, Comprehensive Plan consistency, and considering public input, Planning Commission and Staff Recommend approval of the change of zoning from the “RS-6” Single Family 6 District to the “CN-1/SP” Neighborhood Commercial District with a Special Permit.

The Special Permit will be subject to the following conditions:

- 1. USE:** The only uses authorized by this Special Permit other than uses permitted in the base zoning district is vehicle sales. Expansion of the uses granted by this special permit is prohibited.
- 2. PARKING:** Parking shall be as per the UDC (Unified Development Code) Section 7.2 Off Street Parking, Loading, and Stacking.
- 3. LANDSCAPING:** Vehicular screening along Kostoryz Road shall be according to the landscaping as per UDC (Unified Development Code) Section 7.3 Landscaping.
- 4. DUMPSTER:** Refuse containers must be provided in a place accessible to collection vehicles and must be screened from street rights-of-way and views from adjacent residential properties. Screening must be composed of a solid or opaque material that matches or compliments the building material.
- 5. BUFFER YARD:** A buffer yard consisting of at least 10 feet and 15 points shall be installed, maintained, and remain in place along the north and east property boundaries as long as residential districts or uses are adjacent.
- 8. HOURS OF OPERATION:** The hours of operation shall be limited from 08:00 AM to 07:00 PM. Customer access to the facility shall be prohibited after 7:00 PM.
- 9. TIME LIMIT:** Per the UDC, this Special Permit shall be deemed to have expired within 12 months of this ordinance unless a complete building permit application has been submitted, and the Special Permit shall expire if the allowed use is discontinued for more than six consecutive months.
