

2026 BUILD Grant Applications

Director of Aviation, Richard McCurley

Background Information

The Better Utilizing Investments to Leverage Development (BUILD) Grant Program is a discretionary grant initiative administered by the U.S. Department of Transportation (USDOT) to support critical transportation infrastructure projects that have significant local or regional impact.

The City of Corpus Christi is requesting \$13,519,788 with a cash match of \$3,379,947 to complete the Taxiway K Reconstruction and West Apron Expansion Project at the Corpus Christi International Airport for the Aviation Department.

CCIA Taxiway Kilo & West GA Rehabilitation

FY 2026 BUILD Grant Program

Project Background / Description

This project will include the reconstruction of a section of Taxiway Kilo with a pavement rating near “poor” to alleviate the potential for FOD.

Expansion of the West Apron will allow the taxilane to be relocated to the edge of the apron increasing safety for taxiing and parked aircraft. New taxiway edge lights, signage and markings will be included to aid in aircraft operational safety. The project will also include drainage and stormwater detention improvements.

Projected Schedule reflects City Council action in Feb 2026 with anticipated construction completion by December 2027.

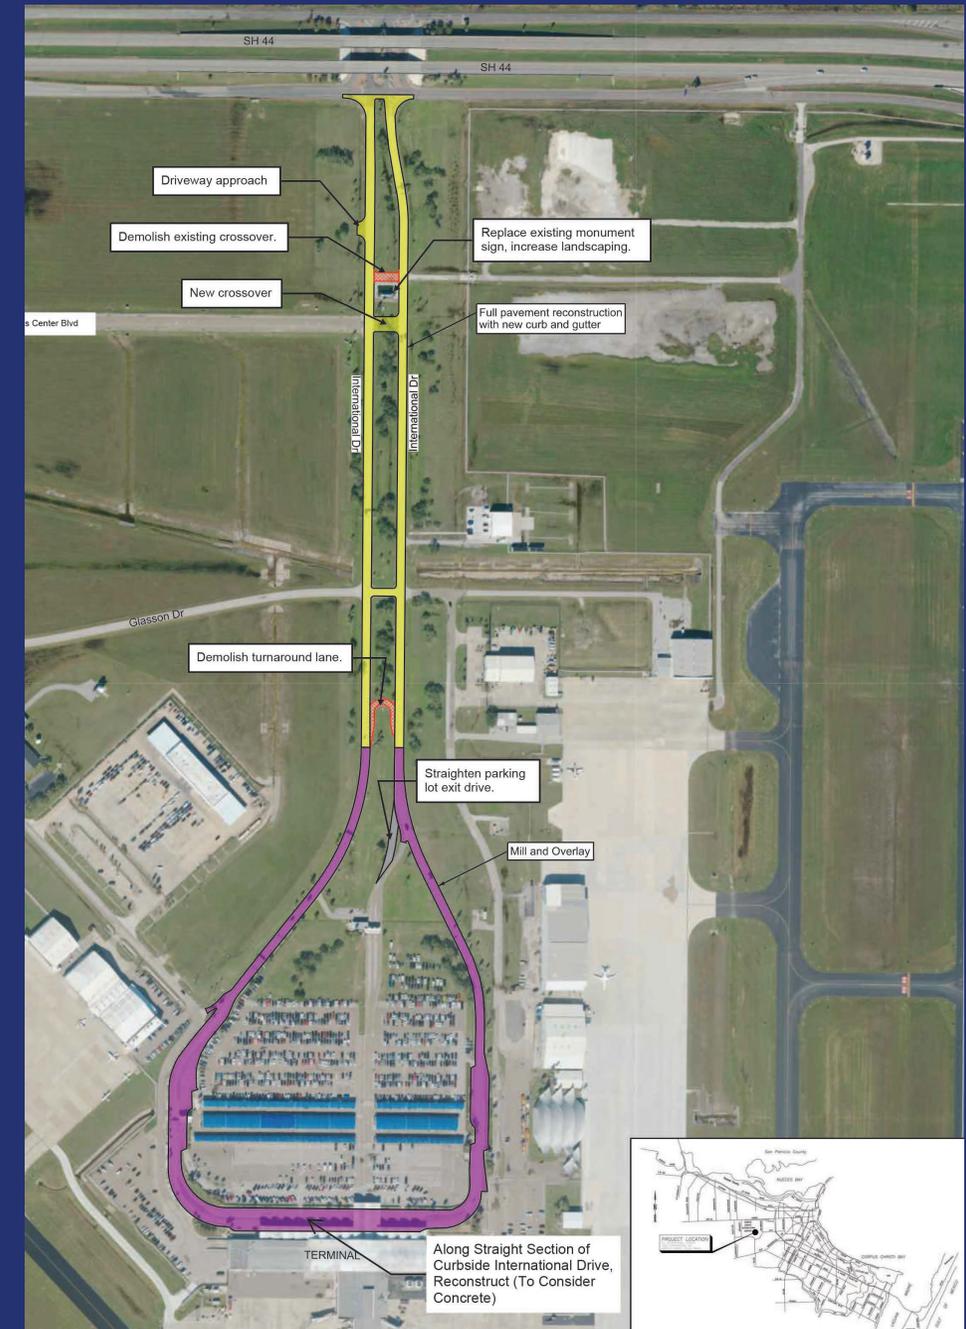

CCIA International Dr. Rehabilitation

FY 2026 BUILD Grant Program

Project Background / Description

Project will consist of a full depth reconstruction of International Drive; Project is addressing sub-grade and base failures, resurface the existing roadway, install curb, sidewalks and bike path, landscaping, and drainage development. The Project is approximately 8,100 feet in length and will be constructed within the limits of the existing roadway Right of Ways.

The improvements will allow for easier traffic flow, connectivity, increase safety, and improve environmental sustainability for our community. The project is under design with construction anticipated to start October 2026.
