Sample Fact Sheet

Juvenile Drug Abuse Arrests

From 2009 to 2011, the rate of juvenile (10 -14 years old) drug-abuse violation arrests per 1,000 children in Nueces County have fallen to 2.09, which is still two times as high as the State and National rates. From 2009 to 2011, the rate remained around 1 per 1,000 children in the State; similar to the National rates. Nueces County shows the highest rates compared to State and National rates. The County rate has decreased by 68.0% from 2009 to 2011. While the 2009 rate was one of the highest from 1998 to the present, the 2011 rate is the lowest.

CCY Action Plan

- Trend analysis
 - State rates vs. Nueces County Rates (all factors)
 - Improved resources for abuse and child abuse victims
 - Income gap – median household
 - Families/children living in poverty
 - Adult alcohol and violent crime arrests
 - Increasing youth violent/property crime & drug arrests
- Promote strategies to address specific risk factors
 - Suggest specific policies
 - Champion and support of existing programs
 - Facilitate and encourage public private partnerships
 - Promote strategic use of resources

CCY Action Plan

- Address Risk Factors
 - Family management and conflict
 - Strategies
 - Champion United Way's Success by Six program
