Honorable Members of the Corpus Christi City

Every day, pets go missing-and few ask why. Unregulated trapping on private property is likely a major cause. Anyone can set traps with no permits, no neighbor notice, no humane safeguards. This silent threat endangers pets, mishandles wildlife, and risks public health.

I'm not here to blame-I'm sharing a gap I've seen, trusting we can close it together. Right now, if I set a trap and catch a neighbor's pet, and simply stay quiet-what happens? If I remove the trap before authorities arrive, are there consequences?

I urge you to act: require permits, certification, neighbor notification, and humane, monitored practices. Let's protect our animals and community.
