

Corpus Christi Library Board

Subcommittee Member Recommendation

July 19, 2024

Based on the review of the Corpus Christi Public Library' Collection Development Policy, I would recommend the following revisions:

There is a typo on page four (4) in the Reconsideration section.

*Only City Resident who has been an active CCPL cardholder in good standing...*

Should read:

*Only a City Resident who has been an active CCPL cardholder in good standing...*

A friendly suggestion could be made that during the next review cycle, library staff might consider adding age ranges for the collections and include a link to the Parents' Guide to Library Materials in the policy.

I can see no other need for revision and wholeheartedly support the Collection Development Policy as written.

Respectfully submitted
