RE: Property located at 3769 Wilson Drive, Corpus Christi, TX 78408

Please let this letter serve as my notice of appeal concerning the Building Standards Board and the Board of the City Council's decision to demolish the building(s) located at 3769 Wilson Drive on November 19, 2015. The decision of the Board will cause undue hardship due to the cost associated with the demolition and the extent of the loss of all investment and future earnings from the property. I was in contact with Diana T. Garza with the Buildings Standard Board and I had agreed to begin the process of renovating the main structure and demolishing the attached garage which was damaged beyond repair by a fallen tree.

Please consider this appeal and allow me to present a plan to renovate and bring the property back up to code.

Thank you for your time and consideration.

A handwritten signature in black ink, appearing to read "Oscar De Los Santos". The signature is fluid and cursive.
