

# Supply Agreement for Aggregate Trap Rock for the City's Street Maintenance Program

## Public Works Department

Council Presentation  
August 10, 2021

# Agenda

---

- The Contract term is a 3-year supply agreement with Vulcan Construction Materials, LLC.
- Aggregate trap rock will be used in construction projects primarily for under-sealants in preparation for asphalt overlays

Description	Unit	3-year QTY
Trap Rock Type D, Grade 5	Tons	7,500
Trap Rock Type D, Grade 4	Tons	15,000
Trap Rock Type D, Grade 3	Tons	1,500

---

# Supply Agreement

- Sealant membrane that adheres the new asphalt overlay to the base layer
- Also, it serves as a weather sealant and protectant after the milling operations and prior to the final overlay
