

# Construction Contract Award

## Citywide Lift Station Repair

### FY2019-2020

Nicholas J. Winkelmann, P.E.

Interim Chief Operating Officer – Corpus Christi Water

January 27, 2026

# Background

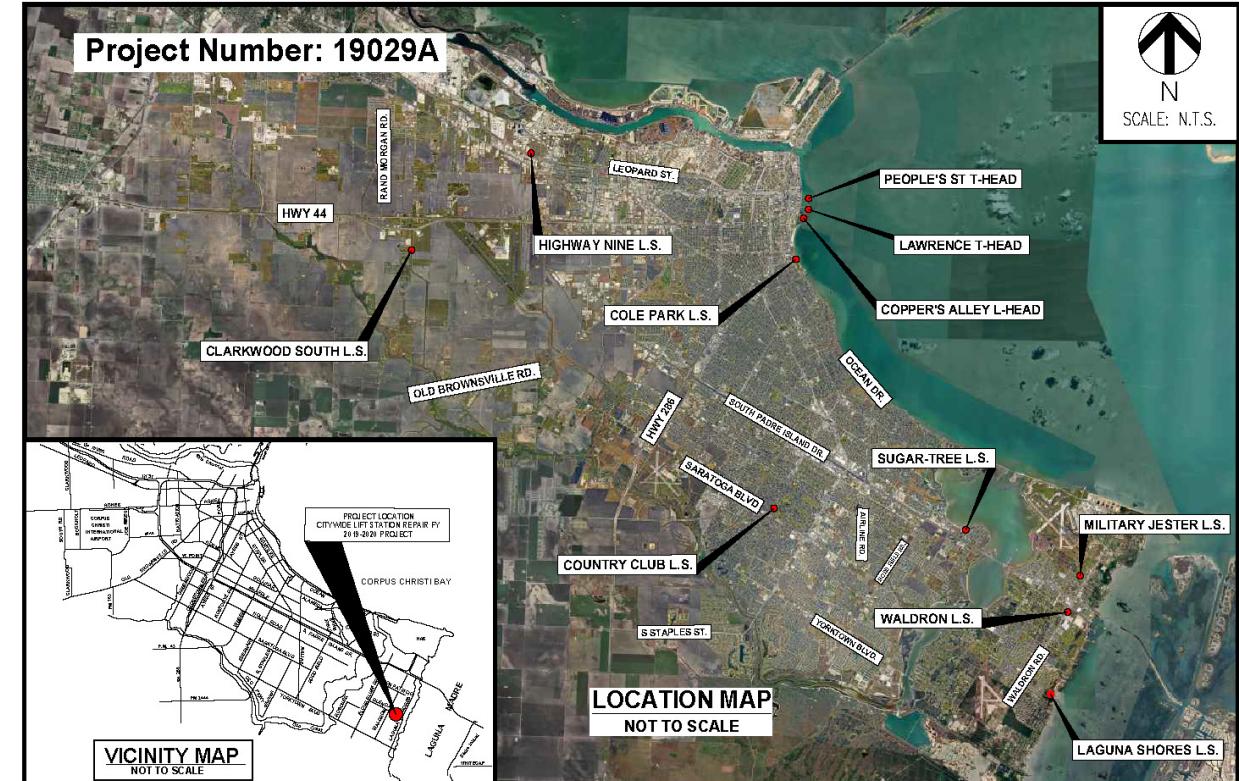

- The City owns and maintains 107 lift stations that convey wastewater to six wastewater treatment plants
- Due to the caustic and corrosive wastewater environment, as well as continuous operation of the equipment, many lift stations experience operational issues and maintenance costs
- The Citywide Lift Station Repair program was developed in 2008 to identify, prioritize, and implement specific capital improvements in a phased design and construction approach
- The program aims to extend lift station service life, reduce long-term maintenance costs, improve flows, and meet Texas Commission on Environmental Quality (TCEQ) regulatory compliance, including reducing sanitary sewer overflows

# Citywide Lift Station Repair

- Project includes rehabilitation of nine lift stations and installation of two replacement lift stations

- Lift stations to be rehabilitated:
  - Laguna Shores Lift Station
  - People's Street T-Head Lift Station
  - Lawrence Street T-Head Lift Station
  - Cooper's Alley L-Head Lift Station
  - Clarkwood South Lift Station
  - Highway Nine Lift Station
  - Cole Park Lift Station
  - Country Club Lift Station
  - Military/Jester Lift Station
  - Waldron Lift Station
  - Sugar Tree Lift Station

- Repairs will extend service life of the lift stations by at least 20 years, improve operational capabilities, reduce overflows, and reduce maintenance and repair costs

# Project Timeline

| 2019 - 2025      | 2025 - 2026    | 2026 - 2027        |
|------------------|----------------|--------------------|
| September - June | July - January | February - October |
| Design           | Bid/Award      | Construction       |

Schedule reflects City Council award in January 2026 with anticipated construction completion by October 2027.

## Staff Recommendation and Fiscal Impact

Staff recommends awarding the construction contract to Associated Construction Partners, Ltd. in the amount of \$16,811,532.00 for the Citywide Lift Station Repair FY2019–2020 project. Fiscal impact for Corpus Christi Water in FY 2026 is an amount not to exceed \$5,200,000.00 for construction with funding available from the Wastewater Capital Fund. Remaining funds will be incurred in FY 2027 and FY 2028 in the amount of \$11,611,532.00. Budgetary adjustments will be made in FY 2027 and FY 2028 to reflect the new contract costs.
