4. [24-1085](#) Monthly Shelter and Clinic Report

Lead Jamie Bowers discussed the Monthly Shelter and Clinic Report for the current year June and previous 2 months with the Board. Ms. Cardenas asked if the adoptions left without being sterilized. Ms. Force explained only if they were sick, too young to do so. Ms. Cardenas inquired about the TNR outcome. Ms. Bowers explained that the outcome would be the cats that are sterilized then returned within a mile radius. Mr. Dominguez inquired about a report that showed indicate how many animals are born here. Ms. Force explained currently there is not, when they are born it would a new intake, impound but not a specific field to indicate it was born here, it was just show as a standard intake. Mr. Smith inquired on the bird intakes, Ms. Force advised they were mostly parrots, or seagulls, any bird that would have been sick, injured or confiscated. Mr. Amaya questioned the died in care numbers, Ms. Force advised that would be mostly newborns being reported. Also, the euthanized numbers on others, wildlife, Ms. Force explained that would be if the animal was sick or injured and euthanization was the humane option. Mr. Dominguez inquired on the citation numbers for more than 6 pets/keeping of more than 14 pets, if that was due to breeders, Ms. Bowers explained not specific to breeding but just citizens that are over the limit of the allowable number of pets. Ms. Cardenas inquired on the difference on counter and counter r for the microchip report, Ms. Bowers explained that counter means CCACS implanted the chip and counter r means the animal was already chipped and CCACS registered it. Mr. Amaya inquired on the difference between field and field r on the same microchip report. Ms. Bowers explained the field is when an officer microchips a dog in the field, field r is when an animal is already chipped but an officer registers it in the field as it is returned to its owner.
