Why are you interested in serving on a City board, commission or committee?

I've lived in the city for 20 years now, and have always been somewhat disappointed with the city's efforts to beautify parks, and most specifically, to plant trees. If this city were a house, people would say it has "great bones" -- a park system with great potential. I'd like to be involved in the discussion on how to make good on this potential, and to raise the quality of life and, by extension, the self-image of this community.

Education, Professional and/or Community Activity (Present)

I received my Ed.D. in Educational Leadership (2008) from Texas A&M University-Corpus Christi (TAMUCC), my current position is Associate Clinical Professor/Internship Coordinator with the Kinesiology Department. I have served as a consultant with the Antonio E. Garcia Arts & Education Center in developing a physical activity component for the after school program. Prior to this position, I worked at a hospital based fitness facility (Covenant Health System) in Lubbock, Texas as a Wellness Coordinator for 12 years. My professional and teaching philosophy is pragmatic by virtue. I place alot of value on service learning in the community with my students.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Parks and Recreation Advisory board

Why are you interested in serving on a City board, commission or committee?

I am really interested in serving on the Parks and Recreation Advisory board. I believe my education and experience in the fitness and wellness industry lend itself well to this area. I teach Sport Management classes that include a Facility Design class and Managing Leisure Services and I place a lot of value on service in my community and with my classes. Service in one's community makes for a better place and gives us a sense of purpose. I previously served on the Mayor's Fitness Council 2014-2019. I am familiar with the programs in the Corpus Christi Parks and Recreation and have interest in the development and restoration of our parks. Our parks are crucial to the health and development of our community as we have seen in the past few months. We need spaces for our community to go, grow and play physically, mentally and environmentally.

Education, Professional and/or Community Activity (Present)

Bachelor's Degree in Communications, 10 years of experience as an oil and gas landman, stay at home dad for the last 3 years. I go to every park in Corpus Christi with my two young boys, so I have a lot of knowledge about the parks on the area.

Why are you interested in serving on a City board, commission or committee?

Getting involved in local leadership is something I've always wanted to do. During my experience as a stay at home dad for the last 3 years, I spent many days at our local parks and playgrounds. I love Corpus Christi. I met my wife here; my two sons were born here; and I have enjoyed making this our home over the last 9 years.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

I only applied for the Park & Recreation Advisory Committee

Why are you interested in serving on a City board, commission or committee?

I have always been interested in giving back to the community that I have lived in since 1982, and join a board to help drive change & technology. I am currently the President of Padre Little League @ Bill Witt Park, where I have been a part of the league for the last 8 years. Within 8 months of my tenure as President, my board and I have successfully upgraded/repared many of the infrastructure issues that the park has suffered. I collectively worked with City Park & Rec managers, City Engineering, City Legal/ Safety & Risk Dept, City Wastewater Dept, and others to help us get our facility up to par. Working together with the City allowed us to get what we needed and efficiently get the jobs completed. Having that experience and relationship with our City Depts, is I believe to be crucial in duplicating the same for other facilities throughout Corpus Christi.

I was born and raised in Corpus Christi, only having left for military service, and I am interested in now serving in a different way.
