WHEREAS, Contractor has bid to provide Promotional Exams for Police Department in response to Request for Bid/Proposal No. 5518 ("RFB/RFP"), which RFB/RFP includes the required scope of work and all specifications and which RFB/RFP and the Contractor's bid or proposal response, as applicable, are incorporated by reference in this Agreement as Exhibits 1 and 2, respectively, as if each were fully set out here in its entirety.

Project Notes

IOS has used estimated candidate numbers to estimate parameters for exam and assessment processes (e.g., duration of exam/assessment, how many IOS personnel are on-site, etc.) based on our standard practices. Consultant travel-related costs have been calculated based on these estimates. These costs have been built into line-item pricing. IOS will invoice clients as each project component/line-item is completed. The line item total reflects labor, overhead and all travel-related costs. IOS will not provide itemized expenses receipts to client. The component costs are considered to be "fully-loaded."

Site Procurement Expenses and Assessor Travel-related expenses have been estimated. These estimates are based on assumptions regarding candidate numbers, duration, etc. The client will be responsible for these costs in full. IOS will invoice these expenses to the client after IOS has accepted liability for these expenses on behalf of the client. IOS will invoice actual site, assessor flight and assessor lodging costs. A per diem will be calculated based for assessors to cover meals not provided by IOS, transportation, parking, baggage fees, and other incidental travel expenses as appropriate. The per diems will be assessed to the client and will not be reconciled against actual receipts. IOS will invoice expenses up to the allotted budget. If in the course of procuring sites/assessors, IOS becomes aware that the estimated budget will be insufficient for whatever reason, IOS will notify the client and seek to identify a mutually acceptable solution. While we have attempted to establish accurate budgets, significant fluctuations in costs associated with flights and lodging are possible. Client will be responsible for administering the written examination and provide immediate scoring.

Schedule of Hourly Rates - IOS 2023

Category	Rate
Consultant/Industrial Psychologist	\$230/hour
Consulting Associate	\$115/hour
Technical Writer	\$85/hour
Administrative Assistant	\$40/hour

Details Regarding Proposed Pricing:

The cost information provided is based on the facts and figures that were provided in the request for proposals. Should the scope of services need to be changed/modified, or the candidate numbers increase, IOS will calculate any additional project costs, based on our published hourly rates, and submit a change order to the agency prior to engaging in additional work.

The proposed costs are fixed-firm and, unless the scope of work is modified, will be invoiced in total. IOS proposes the following invoice schedule: 1/3 upon contract execution, 1/3 upon development of the written examination, and 1/3 upon completion of the project.

Concerning Project-Related Litigation/Challenges

The nature of the contracted work that IOS performs is inherently litigious as it relates to employment and promotion decisions within the context of public safety agencies, which has been a fertile ground for employment litigation for well over 50 years. Some of the lower-scoring candidates, who are not selected, will inevitably find fault with the selection process rather than acknowledge that their performance on the exam/assessment was accurately measured. Often the reasons for litigation go beyond the technical work performed by IOS and target agency rules, practices or other factors that are ancillary to IOS's exam/assessment. Simply stated, our field and the work we perform has a significant risk of litigation for many reasons.

Despite the many risks involved in this work, IOS is committed to assisting our clients in the defense of challenges/litigation. In order to provide competent support, IOS will invoice the client at the current published hourly rates for all activities that IOS undertakes in support of our client's challenge/litigation, including but not limited to: consultation with client concerning the potential or actual challenge/litigation, consultation with internal or external counsel, research, analysis, production of discovery documents, deposition, consultation with IOS's legal counsel, internal discussions among IOS staff regarding strategy, testimony, and assistance securing and vetting experts. These activities are not required for all projects, and only occur based on situation-specific events (e.g., grievance or lawsuit). Therefore, these activities have not been factored into our cost proposal and will be invoiced as they occur.
