

MPM Homes, Inc.

South Texas Custom Home Builder

Development Services;

We are requesting an extension for the reimbursement and participation agreements for Royal Creek Estates Unit 7.

We are currently working on other projects that are moving slower than expected due to market conditions and additional factors. The project size and access to this property has also caused delays for us.

Please consider our request for an extension as we fully expect to complete this project and continue to help grow our beautiful city.

Thank you.

Moses Mostaghani
