

27 Shade Structures

City Council
February 22, 2022

Background

- Parks and Recreation is requesting purchase of 27 hot-dip galvanized steel shade structures from ExerPlay, Inc. for regional community park improvements
 - Replacing current shade structures with significant rust damage and wood rot
- Hot-dip galvanized steel is estimated to provide 70 years of maintenance free corrosion protection
- Each shade structure will cost \$10,454.75 for a total of \$282,278.25

Park Locations

- Labonte Park
 - Receiving 20 shade structures
- Lindale Park
 - Receiving 1 shade structure
- Billish Park
 - Receiving 2 shade structures
- Parker Park
 - Receiving 4 shade structures

Recommendation

Staff recommends approval of this motion authorizing the purchase of 27 shade structures from ExerPlay, Inc. as presented.
