ISSUE:

Staff to present Council with a briefing on the findings and recommendations of MIG consultants to best address the North Beach Drainage problems.

BACKGROUND:

North Beach has faced issues with various types of flooding. As a result, the City of Corpus Christi has previously expended over \$830,000 on various studies attempting to find a solution to the area's drainage and flooding issues. Recently, City staff has been working with MIG consultants to perform a comprehensive analysis of the previous studies' findings to determine the best solution to address the flooding.
