Interlocal Agreement with TAMU-CC National Spill Control School and City of Corpus Christi  
Marina - Oil Spill Training and Equipment Storage

### **CAPTION:**

Resolution authorizing the City Manager or designee to execute an Interlocal Agreement with Texas A&M University - Corpus Christi regarding operations in Corpus Christi marina.

### **PURPOSE:**

The purpose of this agreement is to establish a framework for collaboration between the National Spill Control School and the Corpus Christi Marina which assures mutually beneficial conditions but involves no exchange of funds between the two organizations. The National Spill Control School will provide equipment and training. The Corpus Christi Marina will provide storage space and access to utilities (fresh water rinse).

### **BACKGROUND AND FINDINGS:**

The Corpus Christi Marina staff requires emergency Oil Spill response training to hazardous oil spills occurring within the marine confines from water borne vessels including land based sources. TAMU-CC, National Spill Control School is able to provide this training in exchange for a storage location for their equipment such as oil booms, absorbent spill pads and skimmers. This equipment would be utilized as a first response in an emergency situation.

### **ALTERNATIVES:**

"Not applicable"

### **OTHER CONSIDERATIONS:**

"Not applicable"

### **CONFORMITY TO CITY POLICY:**

Conforms to City Policy

### **EMERGENCY / NON-EMERGENCY:**

Non emergency

**DEPARTMENTAL CLEARANCES:**

"Not applicable"

**FINANCIAL IMPACT:**

☐ Operating                      ☐ Revenue                      ☐ Capital                      X Not applicable

There will be no financial impact. The purpose of this agreement is to establish a framework between the National Spill Control School and the Corpus Christi Marina which assures mutually beneficial conditions but involves no exchange of funds between the two organizations.

**Comments:** None

**RECOMMENDATION:**

City staff approve of this mutually beneficial exchange and cooperation between the National Spill Control School and the Corpus Christi Marina Department.
