

PORT INDUSTRIES
OF CORPUS CHRISTI

24 August 2015

Mr. Jay Ellington
Director of Parks and Recreation
City of Corpus Christi
1201 Leopard Street
Corpus Christi, TX 78401

Dear Mr. Ellington:

The members of Port Industries of Corpus Christi (PICC) are pleased to commit to a \$5,000 contribution supporting the Commission on Children and Youth's initiative to complete a Gap Analysis Survey that will measure the availability, accessibility and adequacy of current services and programs in Corpus Christi that address the risk factors local families face.

This is an important study that will develop invaluable information that will help our community better assist those in need. Port Industries of Corpus Christi is pleased to be able to play a small part in making it a reality.

For the Port Industries of Corpus Christi,

Robert L. Barger
President
