

Resolution authorizing the City Manager, or designee, to execute a conversion implementation agreement and a 36-month hosting services agreement with Kronos for a combined total of \$366,421.78, (\$118,394.76 annually for three years and a one-time cost of \$11,237.50) to upgrade the existing Kronos time reporting system, with the hosting agreement to renew annually subject to sufficient appropriations and payment of hosting fees. Funds are available in the Municipal Information Systems Department FY2014-2015 budget.

WHEREAS, the City purchased a time reporting system, application modules, and related software manufactured by Kronos, Inc., in 2007;

WHEREAS, the current system's software and application modules need to be upgraded to improve compatibility and functionality with the Infor system recently implemented by the City;

WHEREAS, the upgrade will also require that the system be converted to a hosted services platform to enable improved system support, disaster recovery services, reporting capabilities, and data transfer across the system;

WHEREAS, State law provides that such procurements, as outlined above, are subject to statutory procurement requirements, including competitive bids, unless an exception applies;

WHEREAS, there are three applicable statutory exceptions for this procurement, as follows: Local Government Code, Sections 252.022(a)(2), (a)(4), (a)(7)(A), and (a)(7)(D), as items available from only one source due to copyrights and as captive components for existing equipment, to preserve or protect the public health or safety of the municipality's residents, and necessary professional services for the direct implementation of the procured items.

Be it resolved by the City Council of the City of Corpus Christi, Texas:

Section 1. The City Council specifically finds that the foregoing statements included in the preamble of this ordinance are true and correct and adopts such findings for all intents and purposes related to the authorization of this procurement.

Section 2. The City Manager, or his designee, is authorized to execute a conversion implementation agreement and a 36-month hosting services agreement with Kronos, Inc., for a combined total of \$366,421.78 in order to upgrade the existing Kronos time reporting system, such upgrade to include professional information technology services for the conversion, the purchase of additional compatible modules and installation of same, and conversion of the system to a hosted platform. Following the expiration of the initial 36-month term of the hosting services agreement, the agreement may be renewed annually subject to sufficient appropriations and payment of the required hosting fees.
