

Ayers Street Pedestrian Improvements And Turn Lane Addition BOND 2014 Proposition 2

**Council Presentation
May 10, 2016**

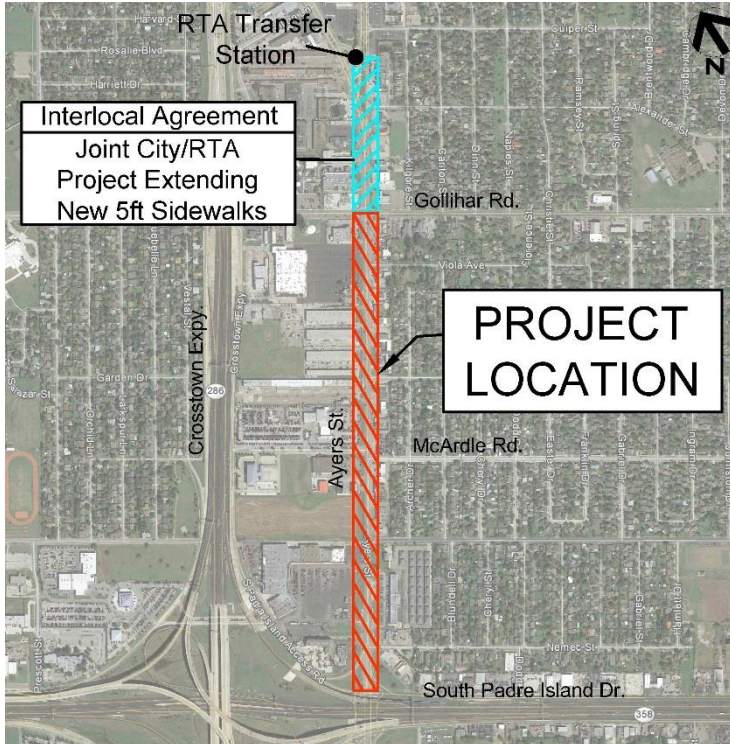

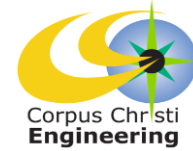

Vicinity Map

Project Location

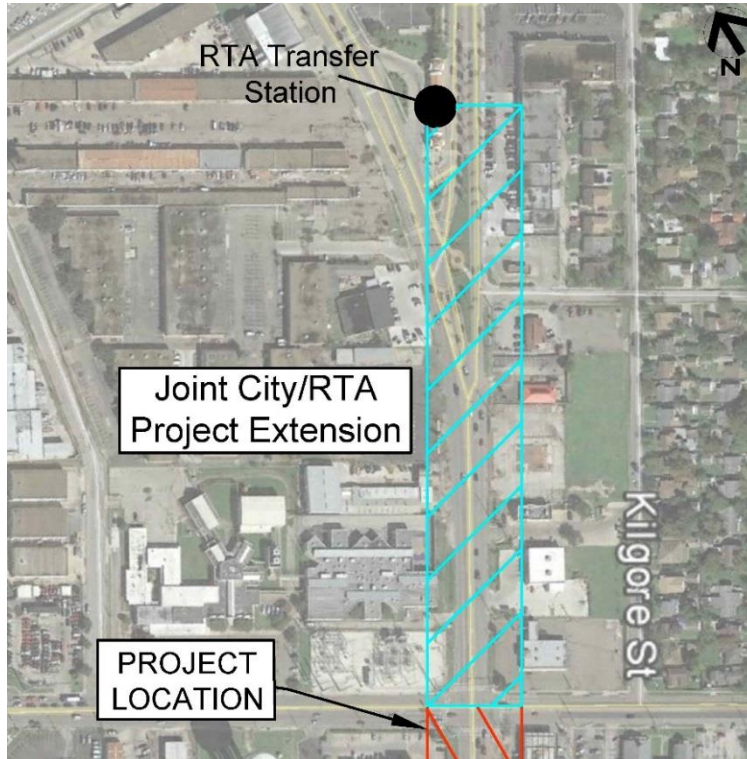

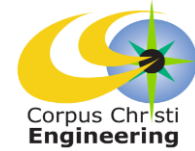

The approved Bond 2012 Prop 2 scope provides for improvements only from SPID to Gollihar to include the following:

- Improved right turn movements at Mansheim and Sunnybrook
- New continuous center lane with new curb, gutter and inlets with new underground drainage
- Improved parking and access with new sidewalks, ramps and crosswalks
- Waterline improvements and new fire hydrants

Note: Staff also coordinated with RTA to extend the project limits to extend and connect new sidewalks from Gollihar to the RTA Bus Transfer Station at Port/Ayers

Interlocal Agreement

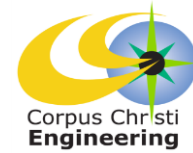

Interlocal Agreement proposes joint City/RTA participation to provide new 5ft wide sidewalks on both sides to the Port/Ayers intersection and RTA Bus Transfer Station

- RTA participation is funding in amount \$80,000
- City participation is to provide the design, construction, inspection and administration
