**Staff Summary:**

**Requested Zoning:** The applicant is requesting a rezoning from the “RM-1” Multifamily 1 District to the “CG-1/SP” General Commercial District with a Special Permit to allow a Social Service Use to continue operating. Specifically, the proposed Social Service Use is a transitional housing facility that provides residences for women and their dependent children.

A transitional housing facility is not explicitly defined or identified in the Unified Development Code (UDC) and could be considered either a Social Service Use or Group Living Use. A later UDC text amendment will be needed to better define the transitional housing use and the zoning district where it is allowed. A Group Living Use is characterized as “Residential occupancy of a structure by a group of people that does not meet the definition of Household Living. Tenancy is usually arranged on a monthly or longer basis. Generally, Group Living structures have a common eating area for residents, and the residents may receive care or training.” Social Services Uses are characterized in the UDC as “uses that primarily provide treatment of those with psychiatric, alcohol, or drug problems and transient housing related to social service programs.”

Until the UDC is amended through a public hearing process to determine the best category and zoning district for transitional housing facilities, Staff has conservatively determined that the use is best categorized as a Social Service Use.

**Development Plan:** Hope House has existed at this location since 1992. Previous zoning ordinances allowed the use in the multifamily zoning districts. Today the use does not conform to the regulations of the UDC: “transient housing related to social service programs” is not allowed in the multifamily zoning districts. The applicant requests the change in zoning to bring the existing facility into compliance.

The premises currently has three structures on site; a large two-story apartment building, an accessory structure and a storage shed. The two-story apartment building currently accommodates up to five women and their dependent children. One of the units in the apartment building serves as the office and reception area. The accessory structure referred to as the “Resource Center” building has a large meeting/classroom with computers for a “Life Skills Training Program”, an office, a food bank and, a main laundry room. Additional storage needs are also accommodated within the structure to store food, clothing, furniture, diapers and necessities that are distributed to needy mothers of our community through a program identified as the “Gabriel Project

Community Outreach Program”. On site operations include management and oversight of a second facility located at 630 Robinson Street, which is the subject of a separate zoning change application (Case 0716-03). The applicant intends to remodel the existing office to expand the size of the office, however, no additional structures are planned for this site.

**Existing Land Uses & Zoning:** The subject property is zoned “RM-1” Multifamily 1 and is occupied by a public/semi-public use (Hope House). North of the subject property is zoned “RS-6” Single-Family and consists of low density residential uses. South and east of the subject property is zoned “RM-1” Multifamily 1 and consists of medium density residential. West of the subject property is zoned “RS-6” Single-Family 6 and consists of public/semi-public uses (Ray High School athletic track).

**AICUZ:** The subject property is not located in one of the Navy’s Air Installation Compatibility Use Zones (AICUZ).

**Plat Status:** The subject property consists of one platted lot and a portion of an adjacent platted lot. A replat is not needed since no construction across lot lines is proposed.

**Comprehensive Plan & Area Development Plan Consistency:** The subject property is located within the boundaries of the Southeast Area Development Plan. While the requested “CG-1” District is not appropriate at this location or consistent with City plans/policies, the proposed transitional housing facility allowed by Special Permit is consistent with elements of the Southeast Area Development Plan and consistent with the adopted Future Land Use Map’s designation of the property for medium density residential uses. Additionally, the following are Comprehensive Plan Policy Statements that warrant consideration:

- **Comprehensive Plan Policy Statements on Social Services (pg. 52):**
  - A. **Social service facilities should be provided in a systematic manner that ensures services are provided where they are most needed.** In order to systematically provide these services, standards should be developed which are based on population size and the socio-economic characteristics of the population.
  - B. **Some social service facilities should meet the needs of specific populations.** The quality and physical setting of all social services should be periodically reviewed, and improved if necessary, to meet the needs of the elderly, disabled, and other special population groups.
- **Comprehensive Plan Policy Statements on Land Use, Residential a.** Each neighborhood of the city shall be protected and/or improved so as to be desirable and attractive residential environment.

**Department Comments:**

- The applicant intends to remodel the existing office to expand the size of the office, however, no additional structures are planned for this site.
- The proposed rezoning with the “CG-1” General Commercial is not consistent with the Comprehensive Plan Future Land Use Map or the policies of the Comprehensive Plan or Southeast Area Development Plan. However, maintaining the subject property’s base zoning district of “RM-1” Multifamily 1 District and additionally granting a Special Permit for the transitional housing facility is consistent with City plans/policies.
- Transitional housing facilities with sufficient organizational support can create positive impacts for the community.
- As stated by the applicant, the close proximity of this location to transit service, grocery stores, restaurants, employment centers and community services are ideal for the residents of Hope House.
- Nearly all of Robinson Street is developed with similar multifamily structures including another type of social service use (“Recovery Contacts” at 626 Robinson Street).
- Residents do not own vehicles, so the proposed use is not expected to generate any significant increase in vehicular traffic or parking demand in the neighborhood.
- The Special Permit request meets all of the review criteria required by UDC Article 3.6.3.

**Planning Commission and Staff Recommendation:**

Denial of the change of zoning from the “RM-1” Multifamily 1 District to the “CG-1/SP” General Commercial District with a Special Permit for a social service use and, in lieu thereof, approval of the “RM-1/SP” Multifamily 1 District with a Special Permit for a social service use, subject to the following six conditions:

1. **Use:** The only use authorized by this Special Permit other than uses permitted in the base zoning district is a Transitional Housing facility, a social service use operated to assist clients with their transition into permanent housing, and a community outreach program for distribution of household supplies and life-skills training limited to 500 square feet. No soup kitchen or public feeding shall be allowed. For the purposes of this section, Transitional Housing is defined as a facility that provides housing and appropriate supportive services to facilitate the movement of homeless individuals into independent living within 24 months or longer. The facility shall accommodate up to five residents and their dependent children.
2. **Security:** The transitional housing facility located on the Property shall be monitored by staff at all times.
3. **Required yards:** New construction shall comply with the required yards set forth in the “RM-1” Multifamily 1 District in the UDC.
4. **Parking:** The parking requirement for the transitional living facility is one space per employee and one space per 250 sq. ft. of office area. The parking

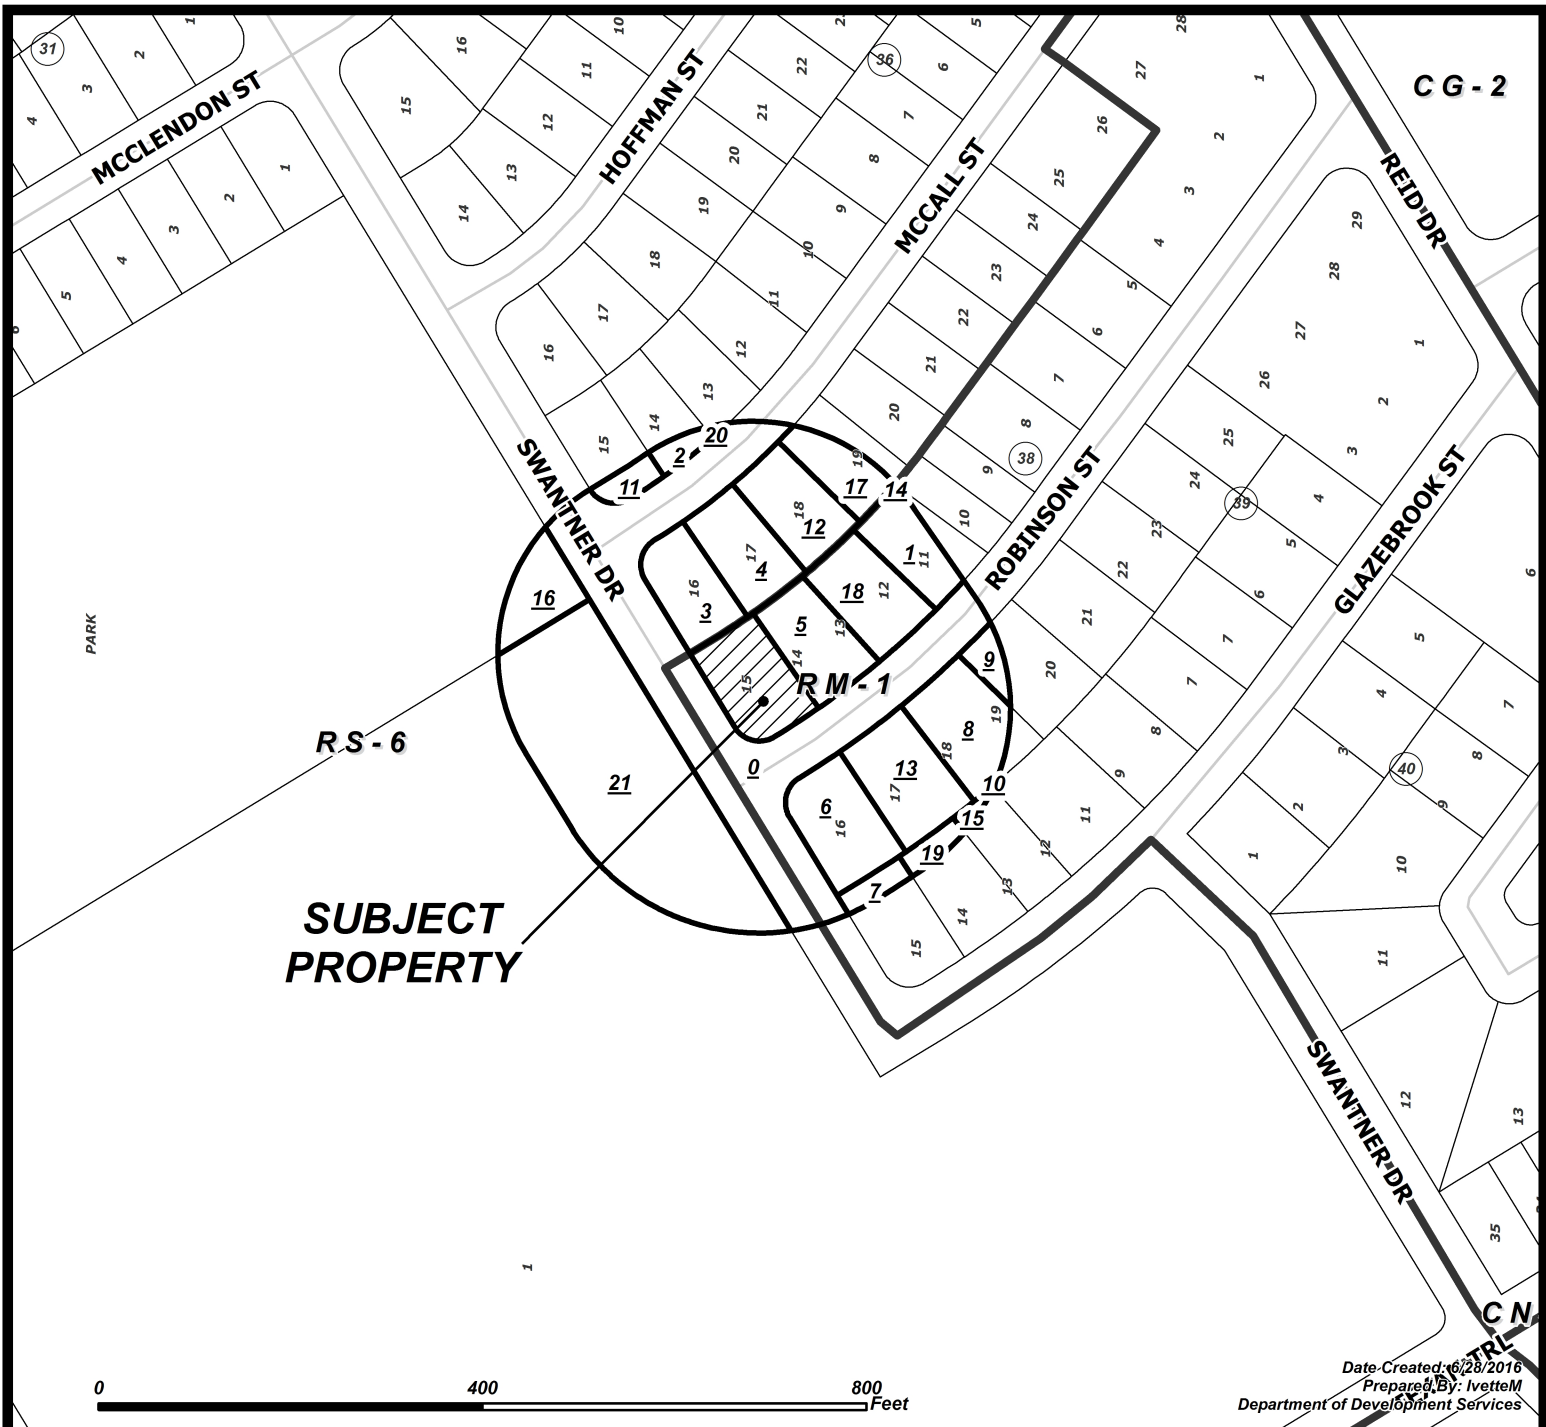

requirement for the community outreach program is one space for per 300 square feet. The parking requirement can be achieved through a combination of off-site parking at 630 Robinson Street, on-site parking, and on-street parking. No less than five on-site parking spaces shall be provided on the Property.

5. **Lighting:** Freestanding light poles on the Property shall not exceed 15 feet in height. The Owner shall comply with all other UDC lighting requirements.
6. **Time Limit:** In accordance with the UDC, this Special Permit shall be deemed to have expired if the allowed use is discontinued for more than six consecutive months.

## LAND USE STATEMENT

1. State the purpose of the request and include applicable background information as to the development plan for the property, i.e., usage of property, number and square footage(s) of existing and/or proposed building(s)/unit(s), building(s)/unit(s) height, parking plans/spaces, phasing schedule of development, number of employee(s) associated with the office, business or industrial development, hours of operation, modification or demolition plans for existing structure(s), type, area and setback of signage, etc.

The purpose of this request is to conform to City of Corpus Christi Zoning Ordinances. Corpus Christi Hope House has operated a homeless shelter at 658 Robinson Street since 1996. The address is currently zoned as RM-1 Multifamily 1 District, our organization is submitting a request for rezoning to be considered for Social Service Uses [5.1.3.1] so that the Homeless Shelter would conform and be in compliance with City of Corpus Christi Zoning Ordinances.

Corpus Christi Hope House operates a homeless shelter for women and their dependent children at 658 Robinson in Corpus Christi, Texas and the organization's office and Resource Center is also located there. There are five regular employees on-site at 658 Robinson Street.

The site is approximately one half acre. The facilities located at 658 Robinson Street are 4,072 sq. ft. Birth Haven is a large two-story apartment building that accommodates up to five women and their dependent children. Our main office and reception area is located in one of the apartments. One of the apartments and the main office are in full compliance with the American Disabilities Act for residents and clients with physical disabilities. Our Resource Center building, next to Birth Haven, has a large meeting/classroom with computers for our Life Skills Training Program for our residents, office, Food Bank, and a main laundry room. It also has storage rooms for food, clothing, furniture, diapers and necessities to be distributed to the needy mothers of our community through our Gabriel Project Community Outreach Program.

There is easy access to transportation, since city bus service is within two blocks of the location. Hope House provides free bus tokens and bus passes to our residents. HEB, restaurants and shopping centers are also located within two blocks of the shelters. Employment centers and community services are within a few miles of the shelters.

Hope House is in Lindale Park Unit 4 W20' Lt 14 all of Lot 15 Block 38. There are no demolition plans and the address adheres to coded setback area. No signage exists, except for notices on office door about hours of operation. Hours of operation for the office are Monday - Friday, 8 am - 5 pm, although residents are on-site 24 hours a day. We typically house one family per apartment. Handicap Parking is accessible from our driveway. Adequate parking exists, no plans for modifications or increased parking.

2. Identify the existing land uses adjoining the area of request:

North - Residential Quadplex Apartments

South - Ray High School Track

East - Residential Home

West - Residential Quadplex Apartments
