Comments:

The grant does not require a cash or in-kind match by the City. The Department of State Health Services ("DSHS") allows the Health Department to charge fees to administer vaccines provided by the grant; however, any fees collected during each month of the grant must be deducted from each monthly grant reimbursement request made to DSHS. Annual grant program fees are estimated to be \$70,000 that has been included in the FY2016 Health Department Budget.
