

Alameda Street From Lipan to Kinney Bond 2014

Council Presentation
October 11, 2016

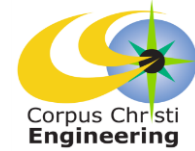

Project Vicinity

Project Location

Project Scope

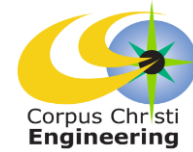

This project includes the full depth reconstruction of 5 blocks of Alameda Street (Lipan to Kinney) including:

- New HMAC pavement with striping and pavement markings to designate 2 travel lanes with parking on each side
 - Travel lanes are designated as Bike Boulevard (per MPO plan)
 - Curb and gutters, sidewalks, and ADA compliant ramps
 - Underground utility improvements include water and storm water
 - Storm water improvements extend along Comanche to tie-in to new storm at approximately Staples.
- ❖ Construction sequencing was specifically coordinated with school holiday period to minimize traffic impacts.

Project Schedule

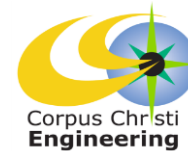

2016					2017				
Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May
Bid					Construction				

Project Estimate: Calendar Days 180 \approx 6 Months

- ❖ Construction immediately adjacent to the school is planned over school holiday break (Thanksgiving thru New Years).

Bike Boulevard

Bike Boulevard designation per MPO Strategic Plan for Active Mobility.

Example : Hoboken, NJ
