<p><u>Engineering Construction Contract</u> Commodores Drive at Park Road 22 Left Turn Lane Improvements</p>

CAPTION:

Motion authorizing the City Manager, or designee, to execute a construction contract with A. Ortiz Construction & Paving, Inc. of Corpus Christi, Texas in the amount of \$245,069 for the total base bid for Commodores Drive at Park Road 22 Left Turn Improvements project. (Bond 2014 Proposition 2 – Traffic Signals and Lighting Improvements City-Wide).

PURPOSE:

The purpose of this Agenda Item is to obtain authority to execute a construction contract for Commodores Drive at Park Road 22 Left Turn Improvements Project.

BACKGROUND AND FINDINGS:

This project improvement is part of the voter approved Bond 2014 Proposition 2 Traffic Signals and Lighting Improvements (City Wide) to extend the left-turn lanes to reduce traffic congestion by allowing more capacity.

Bond 2014 Brochure description: “Traffic Signals and Lighting Improvements (City Wide) – This project includes various signal and lighting upgrades to improve traffic safety with increased capacity and reduced congestion. Improvements include signalization and upgrades to prioritized and warranted intersections to provide new poles, mast arms, advanced signal heads, controllers, etc. with ADA provisions. Proposed signal and intersection improvements include Ennis Joslin Corridor upgrades with new signals at Ennis Joslin/McArdle, McArdle/Nile, new signal at Flour Bluff/Purdue, Park Road/Commodore intersection improvements, Ocean Drive Corridor upgrades and other prioritized locations.”

There are currently two left-turn lanes for the approach for Commodores Drive at the Park Road 22 intersection; the inner lane is approximately 50 LF and the outer approximately 140 LF. The project extends both lanes approximately 250 LF by removing a section of the existing median, curb and gutter and relocation of existing street lighting. New Hot Mix Pavement Concrete (HMAC) will be placed with markings, signage and lane dividers.

These proposed improvements provide immediate relief with the ongoing traffic congestion in this area. More comprehensive long-term solutions may be required with other projects and developments.

On September 21, 2016, the City received proposals from one (1) bidder and the bid is as follows:

Contractor	Base Bid
A. Ortiz Construction & Paving, Inc. Corpus Christi, Texas	\$245,069.00

The City presented an update on this item to the Island Strategic Action Committee (ISAC) at a regular meeting on October 4, 2016.

ALTERNATIVES:

1. Authorize execution of a construction contract. (Recommended)
2. Do not authorize execution of a construction contract. (Not Recommended)

OTHER CONSIDERATIONS:

LNV, Inc. (LNV) is the design engineer that was selected for this project under RFQ 2013-01.

CONFORMITY TO CITY POLICY:

Complies with statutory requirements for construction contracts. Conforms to FY 2016-2017 Street Capital Improvement Planning (CIP) Budget.

EMERGENCY / NON-EMERGENCY:

Not applicable

DEPARTMENTAL CLEARANCES:

Street Department

FINANCIAL IMPACT:

☐ Operating ☐ Revenue ☒ Capital ☐ Not applicable
