

# Cefé Valenzuela Landfill Gas Collection and Control System

Council Presentation  
January 24, 2017

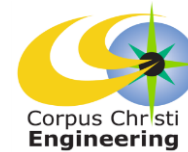

# Project Location

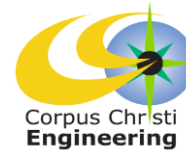

# Project Vicinity

# Project Scope

- Cefé F. Valenzuela Landfill has been open for approximately 7 years.
- Landfill gas production has exceed the regulatory threshold.
- This project constructs a Gas Collection and Control System to comply with regulations.
- The system will gather and flare gas produced by the landfill.
- The Gas Collection and Control System must be in place and operational by the regulatory deadline of November 11, 2017.
- Failure to meet the regulatory deadline result in non-compliance and daily fines.
- The current compliance record at the landfill is spotless.
