I worked in the Compressor Shop as an Aircraft Mechanic Helper. I worked on the T53, 755, and T63 engine compressors. I worked on the disassembly and assembly of the bearing pack housing. I made minor repairs of some compressor assemblies. I cleaned parts, reworked the wheel assemblies and the impellers used to assemble compressors. I Flow Test the T55, L11 and the L110 number 2 bearing packages. I overhauled the bearing pack housing. In overhauling the bearing packages, I used 3 types of micrometers for precision measuring. I also used Dial Indicators to measure the wear on the A700 and the A720 couplers. I used the Intro micrometer to measure A area of the rear diffuser. Outside and Depth Micrometers for the Bearing Housing and the Travel Micrometer to measure the wing spread on the compressor rotors. I inspected parts for damage after disassembly. Either I would RED TAG or turned it over to Quality Assurance Inspector for approval.

I worked in Rotating Electric Shop first as a Electrical Equipment Repairer Helper. I did disassembly, cleaning, repair, reassembly, and testing of electrical and mechanical equipment. The equipment mostly involved were motors, generators, external lights, inverters, actuators, fuel booster pumps.

I overhauled a wide range of aircraft electrical components of all aircrafts repaired at CCAD

I overhauled all aircraft line electrical components

I overhauled aircraft generators

I overhauled actuators

I overhauled fuel probes

I overhauled a variety of compressors

I overhauled compressor sections

I also worked with a variety of specialized tools used in the aircraft mechanic profession.

I frequently used a variety of aircraft mechanical air tools

I used torque wrenches in the overhaul process

Other measurement tools that I used were micrometers and calipers

I worked with Land Lights and Search Lights

I also worked with specialized weighing tool for compressor blades

To Whom It May Concern:

Mr. Donnie Contreras was employed at Coastal Bend College as a kinesiology instructor from August 1988 to May 2007. In this capacity, Donnie was responsible for teaching many different kinesiology courses while also directing the college's intramural program. Additionally, during his tenure Donnie was named as Department Chair of this division and he performed his duties to a remarkable degree of excellence.

In my earlier experience, I had the opportunity to interview and recommend Mr. Contreras for employment at Coastal Bend College. We worked very closely together until 2005 when I left Coastal Bend College for my current position at New Mexico Junior College. During our time together, I found Donnie to be a wonderful teacher and a great asset to our college. He maintained a tremendous rapport with his students and his student evaluations continually demonstrated a high level of excellence. Additionally, Donnie freely accepted additional responsibilities and performed these duties very well.

Mr. Contreras left Coastal Bend College due to a reduction in workforce brought about by budgetary shortfalls. In my opinion, Donnie will perform his responsibilities at your organization at a very high level of expertise and I highly recommend him for employment.

Sincerely,

John B. Gratton

To Whom It May Concern:

RE: Donaciano Contreras

This letter concerns Donaciano Contreras. Mr. Contreras was previously employed with Coastal Bend College from August 1988 to May 2007. He served as a Kinesiology Instructor for many years. In this position, he was responsible for teaching and mentoring students on the aspects of Kinesiology and physical education. He also assumed many other duties and responsibilities, such as being the Kinesiology Department Chair and being involved in extramural sports, in particular coaching basketball.

Mr. Contreras' contract was non-renewed as part of a reduction in workforce due to budgetary constraints. At all times his evaluations were very good to excellent. During his employment, Mr. Contreras consistently demonstrated a willingness to work diligently on behalf of the College and an ability to function independently on complex tasks.

Coastal Bend College wishes Mr. Contreras success in his future endeavors. If your organization is seeking an individual with his qualifications and abilities, it should consider Mr. Contreras to fill such a position.

Sincerely,

RE: Donaciano Contreras

This letter is in regard to Donaciano Contreras. Mr. Contreras was employed with Coastal Bend College from 1988 to 2007, I would like to express that Donaciano (Donnie) and I have been close friends since then. Donaciano was the Kinesiology Instructor for all these years. He was responsible for teaching, mentoring and advising majors on all facets of Kinesiology and physical education. As an instructor he had other responsibilities and duties, which included being the Department Chair for Kinesiology. He coached basketball and was involved in the scheduling and execution of the extramural sports, was very well liked by his peers and students.

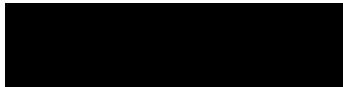

Coastal Bend College had a budget shortfall a couple of years ago, in which Mr. Contreras' department was downsized, and unfortunately Mr. Contreras' contract was non-renewed. He always demonstrated professionalism, willingness to work countless hours for his department and helping other departments as well. While at Coastal Bend College he attended leadership and grant writing seminars to improve quality instruction and expansion of his department and of the college. He was involved with the Bee County Leadership council and numerous citywide youth sports organization.

I believe that your organization would benefit tremendously with Mr. Contreras' knowledge, abilities and qualifications. I highly recommend Mr. Contreras.

Sincerely,

A handwritten signature in black ink, appearing to read 'Juan (Johnny) Moreno'.

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

I currently do not serve with the City in any other capacity.

Education, Professional and/or Community Activity (Present)

Associates Degree in Physical Therapy from Del Mar College I currently have started a blog and a facebook page to engage the community in discussions about our current parks and the direction that residents would like to see our parks take.

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on the Parks Advisory Committee because I have young children, and in the 15 years that I've been in Corpus I've seen a lot of families and residents (including myself) feel frustrated with our available parks as compared to other cities. Having good parks that engage children is essential in developing necessary motor skills, and social skills, and also in creating future health habits of young children and families. I know a lot of families that move from the area and specifically reference parks and lack of family friendly parks with adequate shade and splash zones as a reason for leaving. I think this city has such great potential and if the citizens are more involved and feel they have a voice then we can all hopefully create the change necessary to not only have healthy children - but to draw families to the area to stay instead of them moving here and then immediately looking for employment elsewhere.

Board-specific questions (if applicable)

Mandy Cox

To Whom It May Concern:

I am very interested in obtaining a position on the Advisory Board for Parks and Rec. As a Mom with young children I have seen the need for improvements in our parks in the area. I have contacts with many Moms' around the area who would also like to see some improvements in parks and feel that there is a schism in what residents in the area would like to see from our parks, and what is currently being prioritized.

I feel that if I was allowed an opportunity to become a member of this advisory board that I could be a mediator between the City and the community to both let the City know what the community members are wanting, but also to let the community members know what is going on and educate the community on the things the City is working on to improve our parks.

I have a background in Physical Therapy and feel that my views can help the city to design and plan parks that will greatly benefit the residents and encourage kids and parents alike to get outside and be active in the community.

I am a hardworking and ambitious leader, and motivator. I am recognized in my work place for team building, creative problem solving, and for a high degree of motivation and integrity. My dedication to excellent performance, ability to interact professionally with all types of people, and my drive to help the City provide functional parks for its residents will make me a value-added asset to an Advisory Board such as this.

Thank you for your consideration.

Sincerely,

Mandy Cox

Flo East resume

11.16.2016

I wasn't born in Flour Bluff but that's ok. For 20 plus years I have served my 78418 community with LOVE and PRIDE. I started my community volunteering early on**PTA, PTSA, Chairperson of the Janet F. Harte library committee to help promote the city and school district partnership.

Co-Chairperson for the 1997-8.58 Million dollar bond.

Founder of the Coastal Cotillion-entering our 23rd year!

Founder of the Flour Bluff - Padre Island 4H- an organization that has helped secure thousands of dollars (one million) for our youth to pursue their future aspirations.

Member of the Parker Pool Patriots-To help revive and promote Parker Pool.

Founding donor for the Excellence in Education foundation.

Board member of the Parker Pool Patriots.

Leader of The Flour Bluff Business Association for 10 years.

- 1. Secured a large donation for the skate park @ Wranosky Park.
The only community skate park to date.***
- 2. Revived "Community Christmas" for all to enjoy and constructed the beautiful 40' community Christmas tree.***
- 3. Solicited school supplies "Supply Our Hornets" for campuses to offset cost for teachers having to provide supplies.***
- 4. Worked with city officials on numerous bond issues to make our community better.***
- 5. Founder of the Dolphins that helped secure funding for extras at the Janet F. Harte library.***
- 6. Founder of Flour Bluff News with Co-Founder Stephan Noack***
- 7. Nueces County Junior Livestock show board member for 6 years and I currently serve as the Public Relations Chairman.***

I proudly serve my community and I always will. We have made great strides in the past years and I want to keep the momentum going for all to enjoy. I have supported our city bond projects with great passion because I know they help us do the things that need to be done now, not later. I have come to love and appreciate our little park and I feel I would make a great Corpus Christi Park Board member.

Green space is valuable space and we just need to keep it "Growing Green".

Thank you for your consideration.

Respectfully,

Flo East

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

No

Education, Professional and/or Community Activity (Present)

Previously served on Ethics Commision (Termed Out) University of Houston Bachelors Degree, Real Estate Broker, Retired Certified Property Manager, Member of the Art Museum. Frequent Del Mar Events with my wife, Janet, who has taught English and ESOL there for 24 years. Frequent the Art Museum and local parks. As a commercial real estate lender and property manager I have done market studies in Dallas, Houston, San Antonio, Denver, Phoenix, Los Angelos, Atlanta, Macon, Jacksonville, Orlando, Tampa, St. Petersburg, Pensacola, and Ft. Walton Beach, in which I evaluated city's amenities and how they influenced property values. These studies made me acutely aware of the importance of public space and park and recreation facilities, and how they bear on a city's image for tourism and keeping and attracting good citizens and businesses. When evaluating Corpus Christi for a business relocation or start-up, a business will always consider the reaction of top talent to the prospect of living in the new location. The quality of public space is an important element. I have a unique perspective on that element due to the study of many cities over the span of my 40+ years in real estate lending and property management and commercial real estate brokerage since 1976.

Why are you interested in serving on a City board, commission or committee?

I have ideas from my experience that will be transformative in solidifying the City's position in tourism as a destination resort and in business and relocation as a favored city for which to relocate, resulting in JOBS to keep our children here and encourage growth that will expand our tax base. Should I ever develop a conflict of interest, I will resign this board position.
