Vital Records Agreement with DSHS that Allows the Health District to Access the Texas Electronic Registration Remote System for the period 9/1/2015 through 8/31/2018.
--

CAPTION:

Motion authorizing the City Manager or designee to execute all documents necessary to accept an amendment to a contract with the Department of State Health Services (DSHS) for the amended contract period 9/1/2015 through 8/31/2018 to provide the Corpus Christi-Nueces County Public Health District (CCNCPHD) access to the Texas Electronic Registration Remote System (TER Remote System) for the purpose of issuing individual birth certificates, and pay DSHS a fee of \$1.83 for each Certification of Vital Record printed as a result of searches of the database.

PURPOSE:

The contract with DSHS allows the CCNCPHD access to the Texas Electronic Registration Remote System (TER Remote System) for the purpose of issuing individual certified birth certificates to customers requesting them from the Vital Records Office of the CCNCPHD who were born outside the City of Corpus Christi.

BACKGROUND AND FINDINGS:

This contract with DSHS formalizes an agreement to provide the CCNCPHD access to the State database to obtain and print a copy of a birth certificate short form for a fee of \$1.83 per copy for a person requesting one who was not born in the City of Corpus Christi but elsewhere in the State of Texas. The fee of \$1.83 is deducted from the \$23.00 birth certificate issuance fee, and is paid to DSHS. A fee of \$1.80 is also deducted from each fee of \$23.00 collected for issuing the 16,363 birth certificates to persons born in the City of Corpus, and are remitted to the State Comptroller to cover State administrative costs. The current fee for a birth certificate is \$23.00; death certificate, \$21.00; duplicate death certificate, \$4.00; and plastic cover, \$2.00. These fees are set by the DSHS Program Vital Statistics Unit.

From each death and birth certificate fee sale, DSHS requires the CCNCPHD to reserve \$1.00 in order to build and maintain an electronic record retention database to archive and preserve the historical patrimony of birth and death records of those who were born and died in the City of Corpus Christi. DSHS also requires all other Vital Records Offices statewide to do the same for their own records.

ALTERNATIVES:

Discontinue the public service of providing certified copies of birth certificates by the Vital Statistic Office of the Corpus Christi-Nueces County Public Health District for persons requesting them who were born outside of the City of Corpus Christi

OTHER CONSIDERATIONS:

None.

CONFORMITY TO CITY POLICY:

Council action required to approve execution of agreement.

EMERGENCY / NON-EMERGENCY:

Non-Emergency.

Comments: The Vital Records Office receives revenue for issuing birth certificates to individuals requesting them who have been born outside of the City of Corpus Christi, and a fee of \$1.83 is deducted from each \$23.00 fee collected to pay DSHS for the TER System service. The collected DSHS fees are deposited directly into a liability account for payment to the DSHS.
