Resolution Letter for Lot 15A, Block 2, Mahan Acres

TO: Plat Applications

I have received the review comments for Mahan Acres. Block 2, Lot 15A (Minor Re-plat). In accordance with the changes and revisions made I submit this revisions letter. I have provided the correct and complete legal description of the adjacent properties. I have corrected the planning commissions certificate to the new Interim secretary. I have updated the drawing to say 50' Y.R along Kostoryz Road, as well as labeled the 25' Y.R. along Hakel Drive. The property to the South has now been updated to show the property owner's name, legal description and document number, as well as removed the boundary line between Lot 17 and the remaining portion of Lot 16 with labels. There were no other revisions that the ~~planning commission~~ asked for in the review I was given.

TRC

Thank you,

William Buckingham
