

Solid Waste Air Compliance and Gas System Monitoring 2018

**Council Presentation
January 9, 2018**

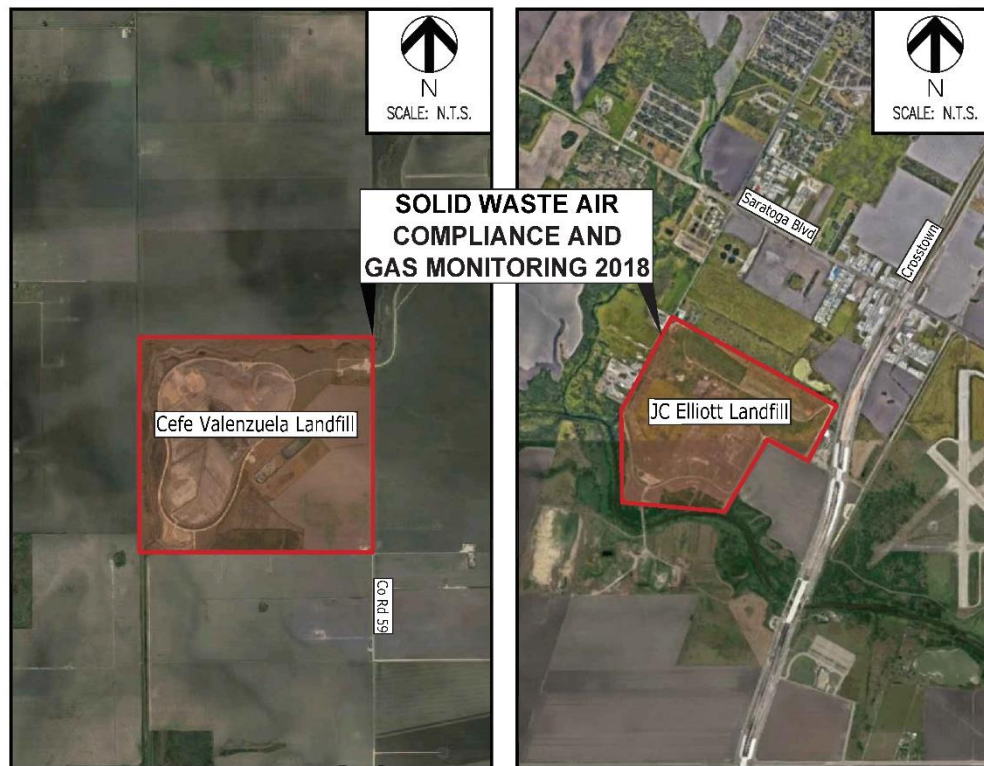

Project Location

Project Vicinity

Project Scope

This item provides for operating and reporting requirements for the City's TCEQ Air Operating Permit required for Cefe Venezuela and JC Elliot Landfills. A sample of work for both locations includes:

- Monitoring and data collection for 164 gas extraction wells
- Monthly monitoring and maintenance for Gas Collection and Control System (GCCS)
- Testing and analysis for emission inventories of various greenhouse gases and other pollution controlled gases from extraction wells
- Regular reporting to TCEQ
- System maintenance and balancing of extraction wells and recommendations for preventative maintenance for GCCS

Project Schedule

2018										
FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
Services										

Projected Schedule reflects City Council award in
January 2018 with anticipated completion
December 2018.
