

Barge Dock Improvements Re-Bid

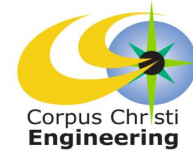

Type A Board Presentation
January 15, 2018

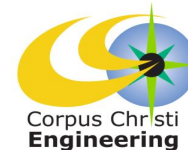

Project Vicinity

Project Scope

Base Bid Work:

- Structural repairs
- Pavement resurfacing
- Storm water outfall repairs
- Pavement markings
- Speed bumps, concrete car stops, and concrete bollards to prevent unsafe vehicular activities

Additive Alternate 1:

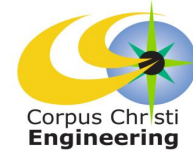

- Increases concrete pavement repairs to include damaged concrete pavement at the south end of the Barge Dock

Additive Alternate 2:

- Increases the HMAC overlay to 2" from the 1.5" in the base bid
