J.H. Edmonds, P.E.
Director of Engineering Services
City of Corpus Christi
P.O. Box 9277
Corpus Christi, TX 78469-9277

Subject: E13068 Mary Rhodes Pipeline Cathodic Protection Upgrades
Construction Contract Award Recommendation

Mr. Edmonds:

On Wednesday, November 15, 2017, two (2) bids were received and opened for the above referenced project. Both bidders submitted documents pertaining to Section 00 45 16 Statement of Experience. The bidders list with their Total Base Bid is below;

Down South Field Services Inc. *	\$563,796
Integrated Corrosion Companies	\$609,500

*Denotes bidder as being non-responsive, they failed to submit a bid bond with bid.

Integrated Corrosion Companies bid is considered irregular because of a mathematical error in calculating their mobilization, which is limited to 5%, and because of a question about the corrosion experts listed on the statement of experience were all subcontractors and did not work directly for the company bidding the project. Integrated was notified and has agreed to correct both issues.

City received documentation from Integrated Corrosion on Wednesday December 06, 2017 with the following correction to their bid:

A1 Mobilization	1	LS	\$ 26,286.63	\$ 26,286.63
A2 Bonds and Insurance	1	LS	\$ 9,500.00	\$ 9,500.00
A3 Supply and Install New Anodes at New Test Stations	6	EA	\$ 5,344.01	\$ 32,064.06
A4 Supply and Install New Anodes at Existing Test Stations	16	EA	\$ 7,297.87	\$ 116,765.02
A5 Remove and Replace Portion of Test Station Components	126	EA	\$ 2,707.27	\$ 341,116.02
Total:				\$ 525,732.63

An e-mail commitment from Integrated Corrosion's Proposal Manager stating that a staff NACE Certified Cathodic Protection Specialist will be on site for the entire project has been submitted to the City:

December 22, 2017

RCC has analyzed the proposals and documents submitted and has determined that Integrated Corrosion Companies meets the specified requirements and recommends that the project E13068 Mary Rhodes Cathodic Protection Upgrades be awarded to Integrated Corrosion Companies for \$ 525,732.63.

Also enclosed are the project bid tabulation and Integrated Corrosion Companies bid proposal for this project.

Sincerely,

RUSSELL CORROSION CONSULTANTS, LLC.

Michael J. Szeliga P.E.
